The General Meeting, having examined the report from the Board of Directors, authorises the Board of Directors, pursuant to the provisions of Article L. 225-209 of the Commercial Code, to deal in the Company's own shares under the conditions and within the limits set forth in law and regulations. The purpose of this authorisation is to allow the Company to make use of the possibilities accorded by the provisions of the law for dealing in its own shares, in particular in order to:

- use all or part of the shares acquired in order to transfer them to the employees and directors of the Company and of its group, under those terms and conditions laid by law;
- deliver its shares for the exercise of rights attached to securities which provide entitlement, either by conversion, exercise, redemption or exchange, to the attribution of shares in the Company, in the framework of stock market regulations;
- animate and maintain the secondary market or the liquidity of Renault's shares through an Investment Services Provider via a liquidity agreement in accordance with the good trade practices charted recognised by the *Autorité des marchés financiers* [French financial markets authority];
- use all or part of the shares acquired for conservation and later delivery as exchange or as payment in the context of external growth operations;
- cancel them, subject to the adoption of the twelfth resolution by the Mixed General Meeting.

These purchases of shares may be undertaken by all means, including in over-the-counter sales and by block of shares, and through the use of financial derivatives, and at such times as the Board of Directors may think fit, and the shares so acquired may be sold or transferred by any means.

The General Meeting fixes the maximum purchase price at 85 euros per share and the minimum sale price at 60 euros per share, on the one hand, and the maximum number of shares that may be acquired at 10% of the registered capital, on the other hand. The total amount that the company may use for the purchase of its own shares may not exceed 2,421,965,435 euros.

In the event of a capital increase by incorporation of reserves and allocation of shares gratuitously, or in the event of either a division or consolidation of shares, the prices indicated hereinabove shall be adjusted by a multiplying ratio equal to the ratio between the number of shares making up the registered capital prior to the operation and this number after the operation.

The General Meeting notes that the shareholders shall be informed, at the next annual General Meeting, of the precise allocation of acquired shares to the various pursued aims for all acquisitions of the company's own shares.

The General Meeting decides that this authorisation may also be used during a period of public purchase and/or exchange offer, as well as for a share price guarantee procedure, in compliance with regulations in force.

With respect to those shares acquired prior to 13 October 2004, the General Meeting grants the Board of Directors, insofar as necessary, all powers for the following, according to those terms to be laid down by the *Autorité des marchés financiers* [French financial markets authority]:

- either to appropriate them to a purpose which benefits from the irrefutable presumption of legitimacy as provided for in European Regulation No. 2273/2003 of 22 December 2003;
- or to appropriate them to one of the two accepted market practices (liquidity agreement concluded with an investment services provider acting under those conditions laid down for this practice, conservation and later return for exchange or as payment in the context of any external growth operations);
- or sell them through the intermediary of an Investment Services Provider acting independently.

This authorisation is granted for a duration which shall end on the next Annual General Meeting for the approval of the accounts, without however exceeding a maximum duration of eighteen months. All powers are hereby granted to the Board of Directors, with the possibility of sub-delegation, in order to make all stock market orders, conclude any and all agreements, draw up all documents including notably for information purposes, proceed with all formalities and declarations with respect to all bodies and, in general, do all that is necessary.

The General Meeting, after having examined the report from the Board of Directors:

Authorises the Board of Directors to issue, by simple decision, on one or more occasions, both in France and abroad, in euros, in foreign currency, or in monetary units established by reference to several currencies, bonds up to a face value of four billion euros, or its equivalent in foreign currencies, in such form and at such times, rates and conditions that it shall deem fitting.

For this purpose, all powers are hereby granted to the Board of Directors, with the possibility of sub-delegation, in accordance with Article L. 228-40 of the Commercial Code, to one or more members of the Board of Directors, to the Chief Executive and/or, in agreement with the latter, to one or more Deputy Chief Executives, in order to determine, within the framework of applicable legislation, the characteristics of the bonds and all measures necessary for the completion of the issue or issues of these bonds.

The Board of Directors shall also have all powers in order to decide whether a guarantee should be associated with the securities to be issued, and where necessary to define and grant this guarantee, as well as to call meetings of the bond holders and take all measures necessary in this respect.

This authorisation as granted to the Board of Directors shall be valid as of this General Meeting until the General Meeting held to decide on the accounts for the 2005 financial year.

As Extraordinary General Meeting:

Twelfth resolution

- to cancel, on one or more occasions, any shares acquired through the implementation of the authorisation granted in the tenth resolution submitted to this General Meeting, or any resolution which may be substituted for the same, up to a limit, within any period of twenty-four months, of 10% of the total number of shares making up the registered capital at the time of such operation, and, correlatively, to reduce the registered capital by applying the amount of the difference between the redemption value of the shares and their par value against any issue premium item or reserve item in the accounts;
- to amend the Articles of Association as a consequence and fulfil all necessary formalities.

This authorisation has been granted for a period which shall end at the next annual General Meeting called to approve the accounts, without however exceeding a maximum duration of eighteen months.

Thirteenth resolution

Issue of shares or securities granting access to the registered capital, with maintenance of the preferential subscription right

The General Meeting, having examined the report from the Board of Directors and the special report from the Statutory Auditors, and pursuant to the provisions of Articles L. 225-129 et seq. of the Commercial Code:

- delegates to the Board of Directors such powers as are necessary in order to proceed, on one or more occasions, in such proportions and at such times as it may think fit, whether in France or abroad, with the issue of shares of the company as well as any securities of any nature whatsoever providing access, whether immediately and/or at a future date, to shares in the company;
- decides that the amount of the capital increases liable to be made immediately and/or at a future date pursuant to the above delegation of powers may not exceed five hundred million euros, to which sum shall be added, where necessary, the par value of supplementary shares to be issued in order to preserve, in compliance with the law, the rights of holders of securities providing entitlement to shares;
- decides, in addition, that the par value of the loan securities liable to be issued pursuant to the above delegation of powers may not be greater than three billion euros, or its equivalent in foreign currency;
- decides that the shareholders may exercise their preferential subscription rights for irreducible amounts under such conditions as provided by law. In addition, the Board of Directors shall have the possibility of granting shareholders the right to subscribe, as reducible amounts, to a number of shares which is greater than the number they may subscribe to as irreducible amounts, proportionally to their subscription rights and, in any event, up to the limit of the number they request;

where subscriptions made irreducibly and, where applicable, reducibly do not absorb the entire issue of shares or securities as defined above, the Board of Directors may make use of one or more of the following possibilities, in such order as it may think fit:

- limit the issue to the number of subscriptions provided that this amounts to at least three quarters of the planned amount of the issue;
 - freely allot all or part of the unsubscribed securities;
 - offer all or part of the unsubscribed securities to the general public;
- decides that where the Board of Directors observes surplus demand, the number of securities to be issued may be increased within thirty days of the close of the subscription period, under those conditions provided in Article L. 225-135-1 of the Commercial Code, up to a limit of 15% of the initial issue and at the same price as adopted for the initial issue. The limit provided for in paragraph 4 above shall then be increased in the same proportion.

- observes that, where necessary, the above delegation of powers shall fully and automatically carry with it, in favour of holders of securities providing entitlement to shares in the company at a future date as may be issued, the waiver by the shareholders of their preferential right of subscription to the shares to which said securities provide entitlement;
- decides to exclude the shareholders' preferential subscription rights for shares issued by the conversion of bonds or by the exercise of warrants;
- decides that the sum collected by the company or which is to be collected by it for each of the shares issued in the framework of the above delegation of powers, shall be at least equal to the par value of the shares;
- decides that the Board of Directors shall have all powers, with the right to sub-delegate under those conditions laid down by law, to implement this delegation of powers, in order in particular to determine the dates and terms of issue as well as the forms and characteristics of the securities to be created, to fix the issue price and conditions, to fix the amounts to be issued, to determine the date of possession and entitlement to dividends of the securities to be issued, which may be retroactive, to determine the method for paying up the shares or other securities issued, and, where applicable, to lay down conditions for their buy-back on the stock market, the possibility of suspension of the exercise of rights to the allotment of shares attached to securities for a period which shall not exceed three months, to fix the mechanism for the preservation of rights of holders of securities providing future access to the share capital of the company, in accordance with laws and regulations. In addition, the Board may proceed, where necessary, with any and all deductions from the issue premium including in particular for expenses incurred for the completion of the issue, and shall generally take all necessary steps and conclude all agreements in order to complete such issues properly and to observe the capital increases arising from any issue undertaken through the use of this delegation of powers and to proceed with the correlative amendment of the Articles of Association;

In the event of an issue of loan securities, the Board of Directors shall have all powers, with the possibility of sub-delegating said powers under those conditions laid down by law, in order to decide, in particular, on whether said securities shall be subordinated or not, on their interest rate, their issue currency, their term, the fixed or variable redemption price with or without a premium, the details of amortisation depending on market conditions and the conditions under which said securities shall provide entitlement to shares in the company;

The Board of Directors shall report to the shareholders on the use which is made of this delegation of powers, under those conditions laid down in Article L. 225-100 paragraph 4 of the Commercial Code.

- the delegation of powers thus granted to the Board of Directors shall be valid as of this date until the meeting of the General Meeting called to decide on the accounts for the 2006 financial year.

This priority right shall not give rise to the creation of negotiable rights, but may, should the Board of Directors think fit, be exercised for both irreducible and reducible amounts;
 - decides that if subscriptions by shareholders or members of the public do not absorb the entire issue of shares or securities as defined above, the Board of Directors may use one or more of the following possibilities, in such order as it may think fit:
 - limit the issue to the number of subscriptions provided that this amounts to at least three quarters of the planned amount of the issue;
 - freely allot all or part of the unsubscribed securities;

The limit provided for in paragraph 4 above shall then be increased in the same proportion;

 - decides that the Board of Directors shall have all powers, with the right to sub-delegate under such conditions as laid down by law, to implement this delegation of powers, in order in particular to determine the dates and terms of issue as well as the forms and characteristics of the securities to be created, to fix the issue price and conditions, to fix the amounts to be issued, to determine the date of possession and entitlement to dividends of the securities to be issued, which may be retroactive, to determine the method for paying up the shares or other securities issued, and, where applicable, to lay down conditions for their buy-back on the stock market, the possibility of suspension of the exercise of rights to the allotment of shares attached to securities for a period which shall not exceed three months, to fix the mechanism for the preservation of rights of holders of securities providing future access to the share capital of the company, in accordance with laws and regulations. In addition, the Board may proceed, where necessary, with any and all deductions from the issue premium(s) including in particular for expenses incurred for the completion of the issues, and shall generally take all necessary steps and conclude all agreements in order to complete such issues properly and to observe the capital increases arising from any issue undertaken through the use of this delegation of powers and to proceed with the correlative amendment of the Articles of Association;
