The General Meeting, having examined the report from the Board of directors, authorises the Board of directors, pursuant to the provisions of Article L. 225-209 of the Commercial Code, to deal in the Company's own shares under the conditions and within the limits set forth in law and regulations. The purpose of this authorisation is to allow the Company to make use of the possibilities accorded by the provisions of the law for dealing in its own shares, in particular in order to:

- use all or part of the shares acquired in order to cover stock option plans or other forms of allotment to the employees and directors of the Company and of its group, under those terms and conditions laid by law (including in particular for the gratuitous allotment of shares);
- deliver its shares for the exercise of rights attached to securities which provide entitlement, either by conversion, exercise, redemption or exchange, to the attribution of shares in the Company, in the framework of stock market regulations;

- animate and maintain the secondary market or the liquidity of Renault's shares through an Investment Services Provider via a liquidity agreement in accordance with the good trade practices charter recognised by the *Autorité des marchés financiers* (French financial markets authority);
- use all or part of the shares acquired for conservation and later delivery as exchange or as payment in the context of any external growth operations;
- cancel them, subject to the adoption of the eleventh resolution by the Mixed General Meeting;
- implement any market practice as may be permitted by *Autorité des marchés financiers*, and generally proceed with any compliant transaction.

These purchases of shares may be undertaken by all means, including in over-the-counter sales and by block of shares, and through the use of financial derivatives, and at such times as the Board of directors may think fit, and the shares so acquired may be sold or transferred by any means in compliance with regulations in force.

The General Meeting hereby fixes the maximum purchase price at 150 euros per share, on the one hand, and the maximum number of shares that may be acquired at 10% of the registered capital, on the other hand, it being recalled that this limit applies to an amount of the Company's share capital as adjusted, where applicable, to take account of any transactions affecting the registered capital after this General Meeting. The total amount that the Company may use for the purchase of its own shares may not exceed 2,849,371,180 euros.

The number of shares acquired by the Company with a view to their conservation or exchange in the context of a merger, demerger, spin-off or capital contribution may not exceed 5% of its share capital.

In the event of a capital increase by incorporation of reserves, gratuitous allocation of shares or increase of the par value of shares, or in the event of either a division or consolidation of shares, or any other transaction concerning shareholders' equity, the prices indicated hereinabove shall be adjusted by a multiplying ratio equal to the ratio between the number of shares making up the registered capital prior to the operation and this number after the operation.

The General Meeting notes that the shareholders shall be informed, at the next annual General Meeting, of the precise allocation of acquired shares to the various pursued aims for all acquisitions of the Company's own shares.

The General Meeting decides that this authorisation may also be used during a period of public purchase and/or exchange offer, as well as for a share price guarantee procedure, in compliance with regulations in force.

This authorisation is granted for a duration which shall end on the next Annual General Meeting for the approval of the accounts, without however exceeding a maximum duration of eighteen months. All powers are hereby granted to the Board of directors, with the possibility of sub-delegation, in order to make all stock market orders, conclude any and all agreements, draw up all documents including notably for information purposes, proceed with all formalities and declarations with respect to all bodies and, in general, do all that is necessary.

- to amend the Articles of Association as a consequence and fulfil all necessary formalities.

This authorisation has been granted for a period which shall end at the next annual General Meeting called to approve the accounts, without however exceeding a maximum duration of eighteen months.

The General Meeting, having examined the report from the Board of directors and the special report from the Statutory Auditors, and pursuant to the provisions of Articles L. 225-129 to L. 225-129-6, L. 228-91 and L. 228-92 of the Commercial Code:

1. delegates to the Board of directors such powers as are necessary in order to proceed, on one or more occasions, in such proportions and at such times as it may think fit, whether in France or abroad, with the issue of shares of the Company as well as any securities of any nature whatsoever providing access, whether immediately and/or at a future date, to shares in the Company;
2. decides that the amount of the capital increases liable to be made immediately and/or at a future date pursuant to the above delegation of powers may not exceed five hundred million euros, to which sum shall be added, where necessary, the par value of supplementary shares to be issued in order to preserve, in compliance with the law, the rights of holders of securities providing entitlement to shares;
3. decides, in addition, that the par value of the loan securities liable to be issued pursuant to the above delegation of powers may not be greater than three billion euros, or its equivalent in foreign currencies;

In addition, the Board of directors shall have the possibility of granting shareholders the right to subscribe, as reducible amounts, to a number of shares which is greater than the number they may subscribe to as irreducible amounts, proportionally to their subscription rights and, in any event, up to the limit of the number they request.

Where subscriptions made irreducibly and, where applicable, reducibly do not absorb the entire issue of shares or securities as defined above, the Board of directors may make use of one or more of the following possibilities, in such order as it may think fit:
 - limit the issue to the number of subscriptions provided that this amounts to at least three quarters of the planned amount of the issue,
 - freely allot all or part of the unsubscribed securities,
 - offer all or part of the unsubscribed securities to the general public;
5. observes that, where necessary, the above delegation of powers shall fully and automatically carry with it, in favour of holders of securities providing entitlement to shares in the Company at a future date as may be issued, the waiver by the shareholders of their preferential right of subscription to the shares to which said securities provide entitlement;
6. decides to exclude the shareholders' preferential subscription rights for shares issued by the conversion of bonds or by the exercise of warrants;
7. decides that the sum collected by the Company or which is to be collected by it for each of the shares issued in the framework of the above delegation of powers, shall be at least equal to the par value of the shares;
8. decides that the Board of directors shall have all powers, with the right to sub-delegate, under those conditions laid down by law, to implement this delegation of powers, to determine the terms of issue, to observe the capital increases arising as a consequence, to proceed with any adjustments in order to take account of the impact of the operation on the Company's share capital and to fix the mechanism for the preservation of rights of holders of securities providing future access to the share capital of the Company, in accordance with laws and regulations, and to proceed with the correlative amendment of the Articles of Association. In addition, the Board may proceed, where necessary, with any and all deductions from the issue premium including in particular for expenses incurred for the completion of the issue, and shall generally take all necessary steps and conclude all agreements in order to complete such issues properly;
9. decides that in the event of an issue of loan securities, the Board of directors shall have all powers, with the possibility of sub-delegating said powers under those conditions laid down by law, in order to decide, in particular, on whether said securities shall be subordinated or not, on their interest rate, their issue currency, their term, the fixed or variable redemption price with or without a premium, the details of amortisation depending

on market conditions and the conditions under which said securities shall provide entitlement to shares in the Company.

The Board of directors shall report to the shareholders on the use which is made of this delegation of powers, under those conditions laid down in Article L. 225-100 paragraph 6 of the Commercial Code;

10. the delegation of powers thus granted to the Board of directors shall be valid for a period of twenty-six months as of this date, and, within this limit, until the meeting of the General Meeting called to decide on the accounts for the 2008 financial year; this delegation of powers shall cancel the effect of any prior delegation of powers concerning the same subject-matter.

2. decides that the amount of capital increases liable to undertaken immediately and/or at a future date pursuant to the above delegation of powers may not be greater than three hundred million euros, to which sum shall be added, where necessary, the par value of supplementary shares to be issued in order to preserve, in compliance with the law, the rights of holders of securities providing entitlement to shares;

This priority right shall not give rise to the creation of negotiable rights, but may, should the Board of directors think fit, be exercised for both irreducible and reducible amounts;
5. decides that if subscriptions by shareholders or members of the public do not absorb the entire issue of shares or securities as defined above, the Board of directors may use one or more of the following possibilities, in such order as it may think fit:

8. decides that the Board of directors shall have all powers, with the right to sub-delegate, under those conditions laid down by law, to implement this delegation of powers, to determine the terms of issue, to observe the capital increases arising as a consequence, to proceed with any adjustments in order to take account of the impact of the operation on the Company's share capital and to fix the mechanism for the preservation of rights of holders of securities providing future access to the share capital of the Company, in accordance with laws and regulations. In addition, the Board may proceed, where necessary, with any and all deductions from the issue premium including in particular for expenses incurred for the completion of the issue, and shall generally take all necessary steps and conclude all agreements in order to complete such issues properly;
9. decides that in the event of issue of ordinary shares or securities providing access to the Company's share capital for the purpose of remunerating securities contributed to the Company under a public exchange offer concerning the securities of a company which are admitted to one of the regulated markets referred to in Article L. 225-148 of the Commercial Code, the Board of directors shall have all powers, with the possibility of sub-delegating said powers under those conditions laid down by law, in order to fix the exchange ratio and any balancing cash adjustment to be paid, as applicable, to observe the number of securities provided in exchange and the number of ordinary shares or securities to be created to remunerate the same; to determine the dates and the terms of their issue, including notably their price and the date of entitlement to dividends for new ordinary shares or, as the case may be, of the securities granting access to the Company's share capital; to record the difference between the issue price of the new ordinary shares and their par value in an account entitled "contribution issue premiums" appearing among the equity and liabilities items of the balance sheet, to which all of the shareholders shall be entitled; and to proceed, where necessary, with any and all deductions from said "contribution issue premium" including in particular for expenses incurred for the authorised operation;

The Board of directors shall report to the shareholders on the use which is made of this delegation of powers, under those conditions laid down in Article L. 225-100 paragraph 6 of the Commercial Code;

11. the delegation of powers thus granted to the Board of directors shall be valid for a period of twenty-six months as of this date, and, within this limit, until the meeting of the General Meeting called to decide on the accounts for the 2008 financial year; this delegation of powers shall cancel the effect of any prior delegation of powers concerning the same subject-matter.

For bearer shares, the registration or the accounting records of shares held in accounts kept by the authorised intermediary shall be recorded in a shareholding certificate issued by said intermediary.”
