2009 OUTLOOK

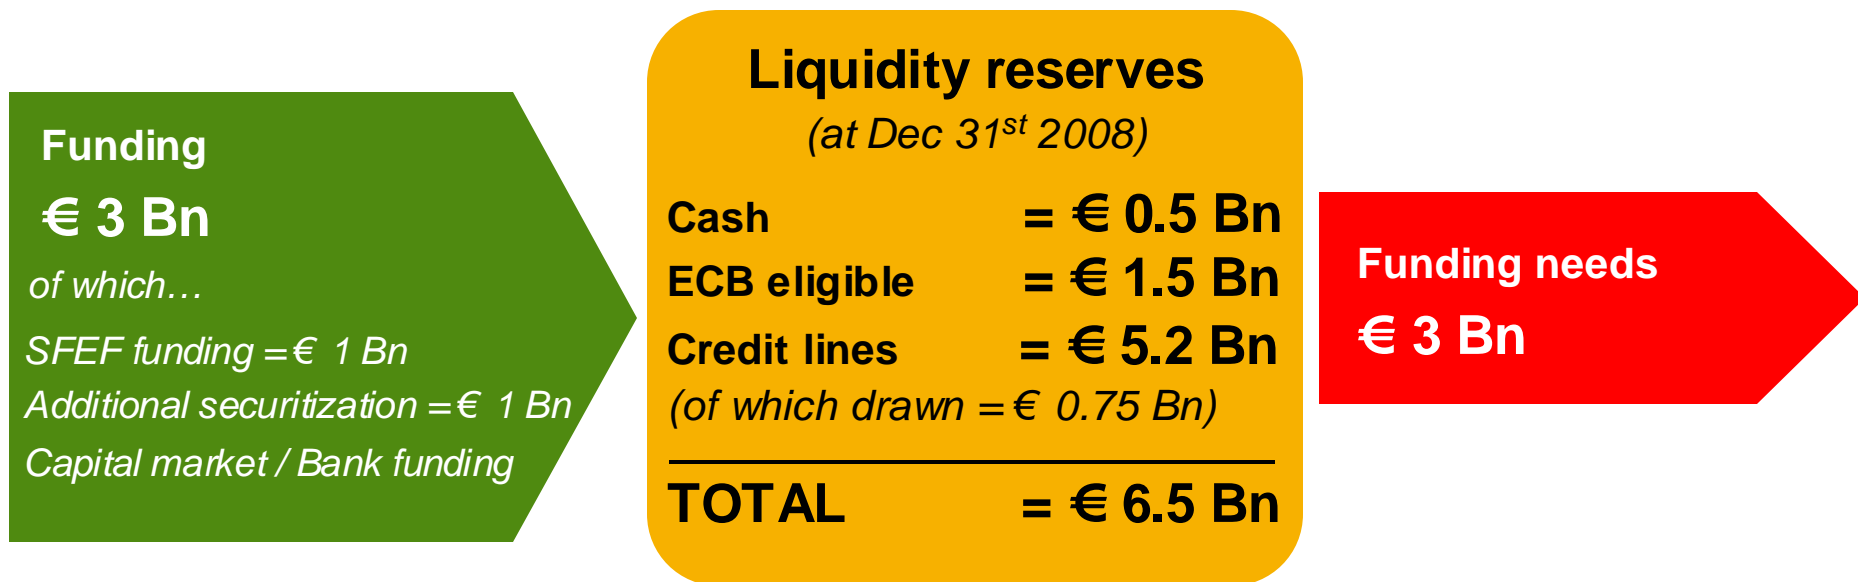

02 2009 FUNDING PLAN

2009 AUTOMOBILE DIVISION FUNDING SUMMARY

- Plan on track : €3.4bn received
 - €0.4 bn from the EIB for CO2 investment support.
 - €3 bn loan from the French Government
- Net automobile financial indebtedness :
 - The automobile division is focused on its priority : optimizing FCF
 - At end Q1'09, net automotive financial debt increased by less than 10% vs. end Dec 2008 (€7.9 bn), including the change in law for supplier payables in France
 - For information : Yen liabilities decreased from Y503 bn at end Dec'08 to Y282 bn at end Mar'09

2009 RCI BANQUE FUNDING SUMMARY

- Plan on track : new funding concluded
 - RCI medium and long term funding :
 - €0.8 bn SFEF : 2/3 of the available envelop. At end Q1
 - € 750m 3-year bond (8.125% coupon)
 - € 500m 18-month bond (5.875% coupon) finally increased by €250m, i.e. € 750m issued in total
 - In line for its 2009 securitization plan

03

**€1.5bn SYNERGIES :
RENAULT-NISSAN ALLIANCE**

A NEW STEP FOR THE ALLIANCE

Yesterday

The Alliance was a preferred option to optimize the performance of each partner in an environment where each company had the ability to grow.

Today

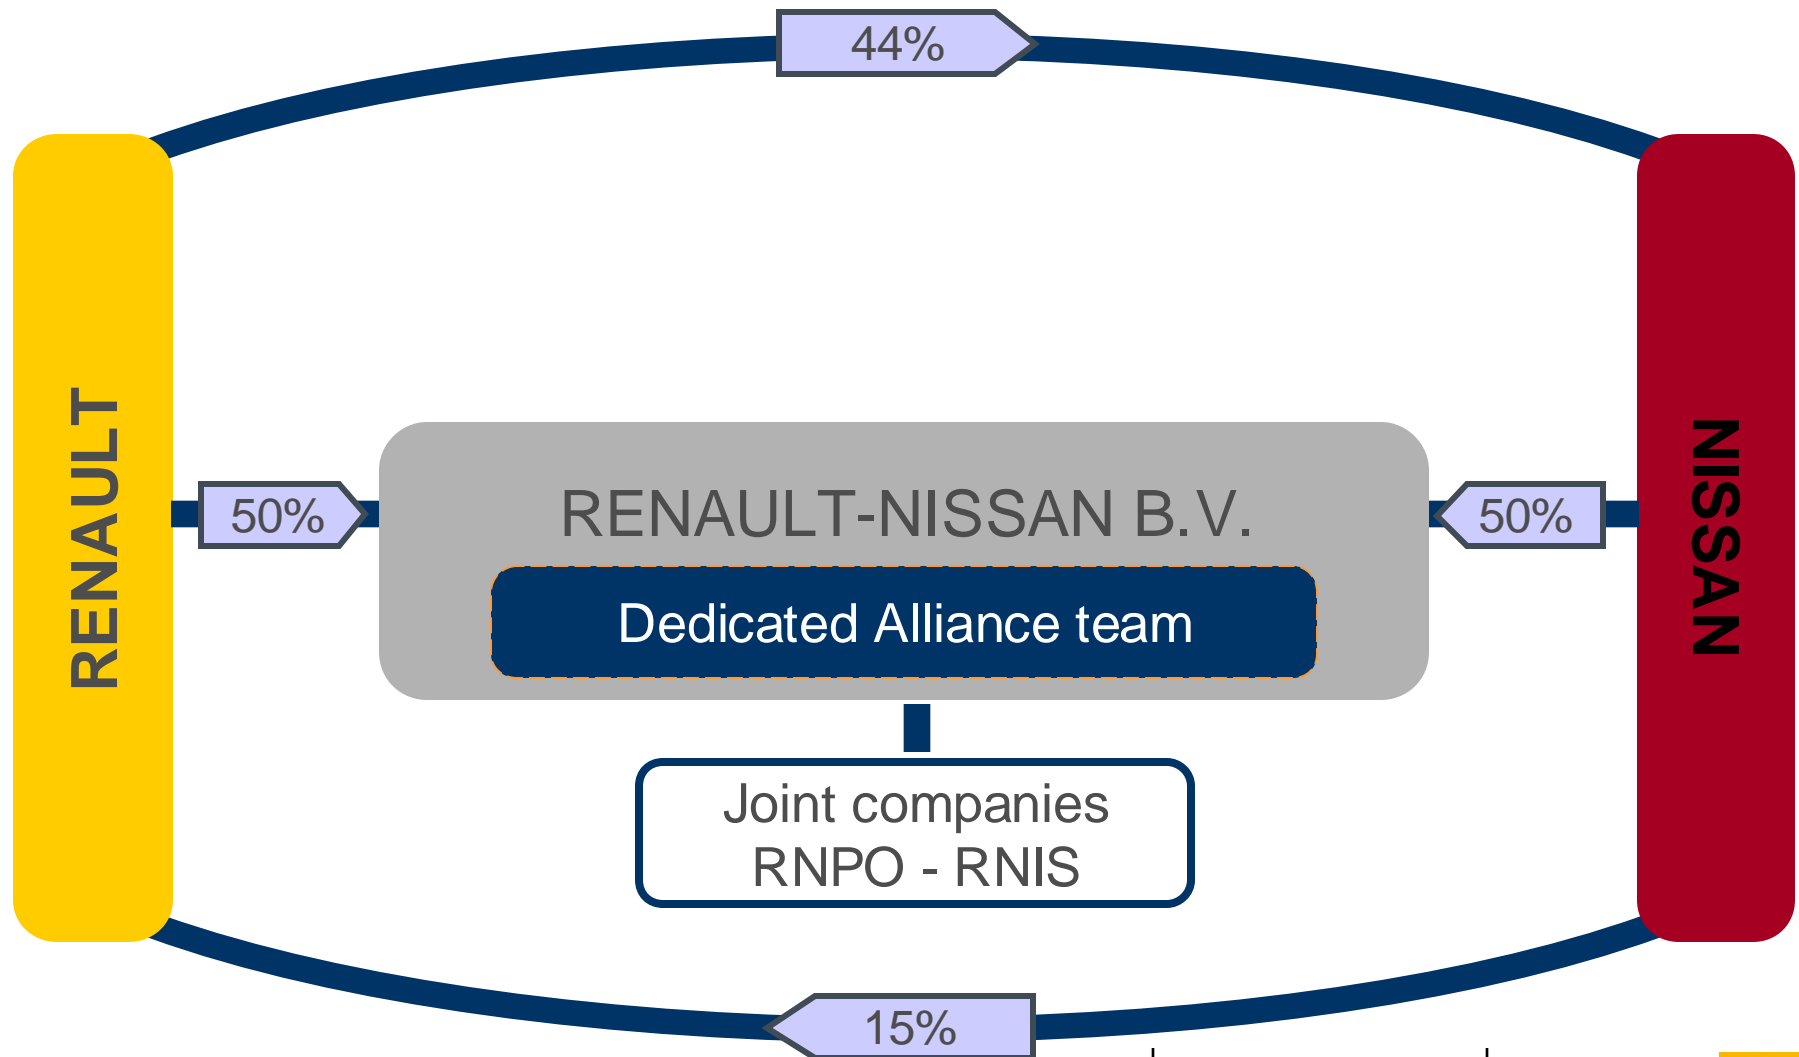

The Alliance is a priority lever to go through the crisis and prepare for the future growth to follow post-crisis

- Collaboration is no longer optional, but **MANDATORY**
- Our 10 year relationship is a **UNIQUE COMPETITIVE ADVANTAGE** to push the synergies further in a context of industry consolidation

ALLIANCE TEAM TO ACCELERATE SYNERGIES

(within existing RNBV structure)

A DEDICATED ALLIANCE TEAM TO ACCELERATE SYNERGIES

11 people fully dedicated to the generation and implementation of existing and future synergies

- **4 Alliance Managing Directors responsible for managing both company's functions and accountable of their performance**
 - Purchasing – RNPO
 - Zero emission business
 - Global logistics
 - IS/IT

- **5 Alliance Directors coordinating functions in maximizing synergies (with power to stop projects)**
 - Powertrain
 - Common platforms and parts
 - Support functions
 - Research and advanced technologies
 - Global sourcing

- **1 Alliance Director acting as Economic advisor helping arbitration and providing common methodology**

- **1 Alliance Director of the Alliance CEO-Office dedicated to global coordination, corporate governance and global monitoring of synergies**

REINFORCE ALLIANCE SYNERGIES

RENAULT NISSAN

1.5 billion euros of Alliance synergies
o/w : 45% for Renault – 55% for Nissan

ALLIANCE SYNERGIES: €1.5 billion FOR 2009 breakdown

* €231m including synergies on purchasing costs spread in other functions

SOME CONCRETE EXAMPLES OF SYNERGIES

- **LCV**

Co-development on a common platform to build two differentiated light commercial vehicle with cancellation of Nissan M1 Van for Europe stand-alone development

- **Powertrain engineering**

New development and co-ownership of a new 1.6L Diesel

- **Research and advanced technology**

Fuel cell and next generation Li-ion battery are developed by Nissan and Renault stopped planned development on these technologies

- **Manufacturing & Logistics**

11 cross-manufactured models – including 4 new vehicles in 2009 (2 in South Africa, 2 in Brazil) with 78% of Curitiba Renault LCV Plant capacity used by Nissan

04 CONCLUSION

2009 ACTION PLAN

8 MEASURES & 2 LEVERS TO FACE THE CRISIS

▶ AIMING FOR A POSITIVE FREE CASH FLOW

- ▶ Maximization of revenue sources
 1. Increase market shares (10 model launches in 2009)
- ▶ Cost reduction
 2. Reduce R&D expenses (-15% vs. 2007)
 3. Decrease G&A and overheads (-€1bn vs. 2007)
- ▶ Free Cash Flow management
 4. Reduce inventories (-€0.8bn to -€1bn vs. 2008)
 5. Adapt our production level (Q1'09 +7% vs. Q4'08)
 6. Cut investments (-24% vs. 2007)
 7. Cash in customer receivables (>€200m vs. 2008)
 8. Carry out real estate divestments (€300m to €500m)

LEVERS

- Reinforce the Renault Nissan Alliance synergies
- Work conjointly with governments in France & in Europe

Q&A
