Tax Code, as more fully described in “Terms and Conditions of the Notes – Taxation”.

The tax regime applicable to Notes which do not constitute *obligations* will be set out in the relevant Pricing Supplement.

Interest Periods and Interest Rates

The length of the interest periods for the Notes and the applicable interest rate or its method of calculation may differ from time to time or be constant for any Series. Notes may have a maximum interest rate, a minimum interest rate, or both. The use of interest accrual periods permits the Notes to bear interest at different rates in the same interest period. All such information will be set out in the relevant Pricing Supplement.

Fixed Rate Notes

Fixed interest will be payable in arrears on the date or dates in each year specified in the relevant Pricing Supplement.

Floating Rate Notes

Floating Rate Notes will bear interest determined separately for each Series as follows:

- (i) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency pursuant to the 2001 FBF Master Agreement relating to transactions on forward financial instruments (formerly 1994 FBF Master Agreement for Foreign Exchange and Derivatives Transactions as supplemented by the Technical Schedules published by the *Fédération Bancaire Française* or the FBF), or
- (ii) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2000 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc.; or
- (iii) by reference to LIBOR, LIBID, LIMEAN or EURIBOR (or such other benchmark as may be specified in the relevant Pricing Supplement), in each case as adjusted for any applicable margin.

Interest periods will be specified in the relevant Pricing Supplement.

Zero Coupon Notes

Zero Coupon Notes may be issued at their nominal amount or at a discount to it and will not bear interest.

Dual Currency Notes

Payments (whether in respect of principal or interest and whether at maturity or otherwise) in respect of Dual Currency Notes will be made in such currencies, and based on such rates of exchange, as may be specified in the relevant Pricing Supplement.

Index Linked Notes

Payments of principal in respect of Index Linked Redemption Notes or of interest in respect of Index Linked Interest Notes will be calculated by reference to such index and/or formula as may be specified in the relevant Pricing Supplement. Each issue of Index Linked Notes to be listed on Euronext Paris must be made in compliance with the *Principes Généraux* published from time to time by the COB and the *Conseil des Marchés Financiers*.

Structured Note Risks

The following paragraph does not describe all the risks of an investment in the Notes. Prospective investors should consult their own financial and legal advisers about risks associated with investment in a particular series of Notes and the suitability of investing in the Notes in light of their particular circumstances.

An investment in Notes the premium and/or the interest on or principal of which is determined by reference to one or more values of currencies, commodities, interest rates or other indices or formulae, either directly or inversely, may entail significant risks not associated with similar investments in a conventional debt security, including the risks that the

resulting interest rate will be less than that payable on a conventional debt security at the same time and/or that an investor could lose all or a substantial portion of the principal of its Note.

Neither the current nor the historical value of the relevant currencies, commodities, interest rates or other indices or formulae should be taken as an indication of future performance of such currencies, commodities, interest rates or other indices or formulae during the term of any Note.

Other Notes

Terms applicable to high interest Notes, low interest Notes, step-up Notes, step-down Notes, reverse dual currency Notes, optional dual currency Notes, partly paid Notes and any other type of Notes that the Issuer and any Dealer or Dealers may agree to issue under the Programme will be set out in the relevant Pricing Supplement.

Redenomination

Notes issued in the currency of any Member State of the EU which will participate in the single currency of the European Economic and Monetary Union may be redenominated into Euro, all as more fully provided in “Terms and Conditions of the Notes – Form, Denomination, Title and Redenomination” below.

Consolidation

Notes of one Series may be consolidated with Notes of another Series as more fully provided in “Terms and Conditions of the Notes – Further Issues and Consolidation”.

Form of Notes

Notes may be issued in either dematerialised form (“**Dematerialised Notes**”) or in materialised form (“**Materialised Notes**”).

Dematerialised Notes which are dealt in on a regulated market may, at the option of the Issuer, be issued in bearer dematerialised form (*au porteur*) or in registered dematerialised form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder, in either *au nominatif pur* or *au nominatif administré* form. No physical documents of title will be issued in respect of Dematerialised Notes. Dematerialised Notes which are not dealt in on a regulated market will be issued in registered dematerialised form only and, at the option of the relevant Noteholder, in either *au nominatif pur* or *au nominatif administré* form. See Condition 1 “Terms and Conditions of the Notes – Form, Denomination, Title and Redenomination”.

Listing	Euronext Paris and/or the Luxembourg Stock Exchange or as otherwise specified in the relevant Pricing Supplement. As specified in the relevant Pricing Supplement, a Series of Notes may be unlisted.
	However, the Euro Guidelines strongly recommend the listing of publicly offered notes and bonds (<i>obligations</i>) denominated in euro on Euronext Paris. Each Series of Notes listed on Euronext Paris must be issued in compliance with the <i>Principes Généraux</i> of the COB and the <i>Conseil des Marchés Financiers</i> from time to time.
Selling Restrictions	There are restrictions on the sale of Notes and the distribution of offering material in various jurisdictions. See “Subscription and Sale”. In connection with the offering and sale of a particular Tranche, additional selling restrictions may be imposed which will be set out in the relevant Pricing Supplement.

	The TEFRA rules do not apply to any Dematerialised Notes

Notes, whether Unsubordinated or Subordinated, will have such rating, if any, as is assigned to them by the relevant rating organisation as specified in the relevant Pricing Supplement. Where an issue of Notes is rated, its rating will not necessarily be the same as the rating assigned under the Programme. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions that, subject to completion and amendment and as supplemented or varied in accordance with the provisions of the relevant Pricing Supplement, shall be applicable to the Notes. In the case of Dematerialised Notes, the text of the terms and conditions will not be endorsed on physical documents of title but will be constituted by the following text as completed, amended or varied by the relevant Pricing Supplement. - (ii) Unless otherwise specified in the relevant Pricing Supplement, the redenomination of the Notes pursuant to Condition 1(d)(i) shall be made by converting the principal amount of each Note from the relevant national currency into Euro using the fixed relevant national currency Euro conversion rate established by the Council of the European Union pursuant to Article 123 (4) of the Treaty and rounding the resultant figure to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). If the Issuer so elects, the figure resulting from conversion of the principal amount of each Note using the fixed relevant national currency Euro conversion rate shall be rounded down to the nearest Euro. The Euro denominations of the Notes so determined shall be notified to Noteholders in accordance with Condition 15. Any balance remaining from the redenomination with a denomination higher than Euro 0.01 shall be paid by way of cash adjustment rounded to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). Such cash adjustment will be payable in Euro on the Redenomination Date in the manner notified to Noteholders by the Issuer.
- (iii) Upon redenomination of the Notes, any reference in the relevant Pricing Supplement to the relevant national currency shall be construed as a reference to Euro.

- (c) if paragraph (b) above applies and the Calculation Agent determines that fewer than two Reference Banks are so quoting Relevant Rates, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) that the Calculation Agent determines to be the rates (being the nearest equivalent to the Benchmark) in respect of a Representative Amount of the Specified Currency that at least two out of five leading banks selected by the Calculation Agent in the principal financial centre of the country of the Specified Currency or, if the Specified Currency is Euro, in the Euro-zone as selected by the Calculation

Agent (the “**Principal Financial Centre**”) are quoting at or about the Relevant Time on the date on which such banks would customarily quote such rates for a period commencing on the Effective Date for a period equivalent to the Specified Duration (I) to leading banks carrying on business in Europe, or (if the Calculation Agent determines that fewer than two of such banks are so quoting to leading banks in Europe) (II) to leading banks carrying on business in the Principal Financial Centre; except that, if fewer than two of such banks are so quoting to leading banks in the Principal Financial Centre, the Rate of Interest shall be the Rate of Interest determined on the previous Interest Determination Date (after readjustment for any difference between any Margin, Rate Multiplier or Maximum or Minimum Rate of Interest applicable to the preceding Interest Accrual Period and to the relevant Interest Accrual Period).

- (e) ***Dual Currency Notes:*** In the case of Dual Currency Notes, if the rate or amount of interest falls to be determined by reference to a Rate of Exchange or a method of calculating a Rate of Exchange, the rate or amount of interest payable shall be determined in the manner specified in the relevant Pricing Supplement.
- (f) ***Partly Paid Notes:*** In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as specified in the relevant Pricing Supplement.
- (g) ***Accrual of interest:*** Interest shall cease to accrue on each Note on the due date for redemption unless (i) in the case of Dematerialised Notes, on such due date or (ii) in the case of Materialised Notes, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgment) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date (as defined in Condition 8).
- (h) ***Deferral of interest:*** In the case of Undated Subordinated Notes, interest shall be payable on each Compulsory Interest Payment Date (as defined below) in respect of the interest accrued in the Interest Period ending on the day immediately preceding such date. On any Optional Interest Payment Date (as defined below) there may be paid (if the Issuer so elects) the interest accrued in the Interest Period ending on the day immediately preceding such date but the Issuer shall not have any obligation to make such payment. Notice of any Optional Interest Payment Date shall (for so long as the rules of any Stock Exchange so require) be given to the Noteholders in accordance with Condition 15 and to the relevant Stock Exchange. Such notice shall be given at least seven days prior to the relevant Optional Interest Payment Date(s). Any interest not paid on an Optional Interest Payment Date shall, so long as the same remains unpaid, constitute “**Arrears of Interest**” which term shall include interest on such unpaid interest as referred to below. Arrears of Interest may, at the option of the Issuer, be paid in whole or in part at any time upon the expiration of not less than seven days’ notice to such effect given to the Noteholders in accordance with Condition 15 but all Arrears of Interest on all Undated Subordinated Notes outstanding shall become due in full on whichever is the earliest of:
 - (i) the Interest Payment Date immediately following the date upon which the General Meeting passed a resolution to pay a dividend on the ordinary share capital of the Issuer and
 - (ii) the commencement of a liquidation or dissolution of the Issuer.

If notice is given by the Issuer of its intention to pay the whole or part of Arrears of Interest, the Issuer shall be obliged to do so upon the expiration of such notice. When

Arrears of Interest are paid in part, each such payment shall be applied in or towards satisfaction of the full amount of the Arrears of Interest accrued in respect of the earliest Interest Period in respect of which Arrears of Interest have accrued and have not been paid in full. Arrears of Interest shall (to the extent permitted by law) bear interest accruing (but only, in accordance with Article 1154 of the Civil Code, after such interest has accrued for a period of one year) and compounding on the basis of the exact number of days which have elapsed at the prevailing rate of interest on the Undated Subordinated Notes in respect of each relevant Interest Period. For these purposes the following expressions have the following meanings:

“Compulsory Interest Payment Date” means any Interest Payment Date unless at the General Meeting of the shareholders of the Issuer immediately preceding such date which was required to approve the annual accounts of the Issuer for the fiscal year ended prior to such General Meeting, no resolution was passed to pay a dividend on the ordinary share capital of the Issuer in respect of such previous fiscal year.

“Optional Interest Payment Date” means any Interest Payment Date, as the case may be, other than a Compulsory Interest Payment Date.

(i) **Margin, Maximum/Minimum Rates of Interest, Instalment Amounts and Redemption Amounts, Rate Multipliers and Rounding**

- (i) If any Margin or Rate Multiplier is specified in the relevant Pricing Supplement (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with (c) above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin or multiplying by such Rate Multiplier, subject always to the next paragraph
- (ii) If any Maximum or Minimum Rate of Interest, Instalment Amount or Redemption Amount is specified in the relevant Pricing Supplement, then any Rate of Interest, Instalment Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be
- (iii) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes “unit” means the lowest amount of such currency that is available as legal tender in the country(ies) of such currency.

- (j) **Calculations:** The amount of interest payable in respect of any Note for any period shall be calculated by multiplying the product of the Rate of Interest and the outstanding nominal amount of such Note by the Day Count Fraction, unless an Interest Amount (or a formula for its calculation) is specified in respect of such period, in which case the amount of interest payable in respect of such Note for such period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.

- (k) **Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Optional Redemption Amounts, Early Redemption Amounts and Instalment Amounts:** As soon as practicable after the relevant time on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, it shall determine such rate and calculate the Interest Amounts in respect of each Specified Denomination of the Notes for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Optional Redemption Amount, Early Redemption Amount or Instalment Amount, obtain such

quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Optional Redemption Amount, Early Redemption Amount or any Instalment Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange so require, such exchange as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(c)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

- (l) **Calculation Agent and Reference Banks:** The Issuer shall use its best efforts to procure that there shall at all times be four Reference Banks (or such other number as may be required by the Conditions) with offices in the Relevant Financial Centre and one or more Calculation Agents if provision is made for them in the relevant Pricing Supplement and for so long as any Note is outstanding (as defined in the Agency Agreement). If any Reference Bank (acting through its relevant office) is unable or unwilling to continue to act as a Reference Bank, then the Issuer shall appoint another Reference Bank with an office in the Relevant Financial Centre to act as such in its place. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or Interest Accrual Period or to calculate any Interest Amount, Instalment Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal Paris or Luxembourg, as appropriate office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid. So long as the Notes are listed on any stock exchange and the rules of that exchange so require, notice of any change of Calculation Agent shall be given in accordance with Condition 15.

6 Redemption, Purchase and Options

- (a) **Final Redemption:** Unless previously redeemed, purchased and cancelled as provided below or its maturity is extended pursuant to any option provided by the relevant Pricing Supplement including any Issuer's option in accordance with Condition 6(c) or any Noteholders' option in accordance with Condition 6(d), each Note shall be finally redeemed on the Maturity Date specified in the relevant Pricing Supplement at its Final Redemption Amount (which, unless otherwise provided, is its nominal amount) or, in the case of a Note falling within Condition 6(b) below, its final Instalment Amount.
- (b) **Redemption by Instalments and Final Redemption:** Unless previously redeemed, purchased and cancelled as provided in this Condition 6 or the relevant Instalment Date (being one of the dates so specified in the relevant Pricing Supplement) is extended pursuant to any Issuer's or Noteholder's option in accordance with Condition 6(c) or (6)(d), each Note that provides for Instalment Dates and Instalment Amounts shall be partially redeemed on each Instalment Date at the related Instalment Amount specified in the relevant Pricing Supplement. The outstanding nominal amount of each such Note shall be reduced by the Instalment Amount (or, if such

Instalment Amount is calculated by reference to a proportion of the nominal amount of such Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused (i) in the case of Dematerialised Notes, on the due date for such payment or (ii) in the case of Materialised Notes, on presentation of the related Receipt, in which case, such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount.

- (c) **Redemption at the Option of the Issuer, Exercise of Issuer's Options and Partial Redemption:** If a Call Option is specified in the relevant Pricing Supplement, the Issuer may, subject to compliance by the Issuer with all relevant laws, regulations and directives and on giving not less than 15 nor more than 30 days' irrevocable notice in accordance with Condition 15 to the Noteholders (or such other notice period as may be specified in the relevant Pricing Supplement), redeem or exercise any Issuer's option (as may be described) in relation to all, or, if so provided, some, of the Notes on any Optional Redemption Date or Option Exercise Date, as the case may be. Any such redemption of Notes shall be at their Optional Redemption Amount together with interest accrued to the date fixed for redemption (including, where applicable, any Arrears of Interest), if any. Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the minimum nominal amount to be redeemed specified in the relevant Pricing Supplement and no greater than the maximum nominal amount to be redeemed specified in the relevant Pricing Supplement.

All Notes in respect of which any such notice is given shall be redeemed, or the Issuer's option shall be exercised, on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption or a partial exercise of an Issuer's option in respect of Materialised Notes, the notice to holders of such Materialised Notes shall also contain the number of the Definitive Materialised Bearer Notes to be redeemed or in respect of which such option has been exercised, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and stock exchange requirements.

In the case of a partial redemption of or a partial exercise of an Issuer's option in respect of Dematerialised Notes, the redemption may be effected, at the option of the Issuer, either (i) by reducing the nominal amount of all such Dematerialised Notes in a Series in proportion to the aggregate nominal amount redeemed or (ii) by redeeming in full some only of such Dematerialised Notes and, in such latter case, the choice between those Dematerialised Notes that will be fully redeemed and those Dematerialised Notes of any Series that will not be redeemed shall be made in accordance with Article 9 of Decree no. 83 -359 of 2 May 1983 and the provisions of the relevant Pricing Supplement, subject to compliance with any other applicable laws and stock exchange requirements.

So long as the Notes are listed on the Luxembourg Stock Exchange and the rules of that Stock Exchange so require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published in a leading newspaper of general circulation in Luxembourg a notice specifying the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes a list of any Definitive Materialised Bearer Notes drawn for redemption but not surrendered.

- (d) **Redemption at the Option of Noteholders and Exercise of Noteholders' Options:** If a Put Option is specified in the relevant Pricing Supplement the Issuer shall, at the option of the Noteholder, upon the Noteholder giving not less than 15 nor more than 30 days' notice to the Issuer (or such other notice period as may be specified in the relevant Pricing Supplement) redeem such Note on the Optional Redemption Date(s) at its Optional Redemption Amount together with interest accrued to the date fixed for redemption including, where applicable, any Arrears of Interest.

To exercise such option or any other Noteholders' option that may be set out in the relevant Pricing Supplement (which must be exercised on an Option Exercise Date) the Noteholder must deposit with any Paying Agent at its specified office during usual business hours a duly completed option exercise notice (the "Exercise Notice") in the form obtained during usual business hours from any Paying Agent or the Registration Agent, as the case may be, within the notice period. Such notice shall, in the case of Materialised Bearer Notes, have attached to it such Note (together with

all unmatured Receipts and Coupons and unexchanged Talons). In the case of Dematerialised Notes, the Noteholder shall transfer, or cause to be transferred, the Dematerialised Notes to be redeemed to the account of the Paris Paying Agent specified in the Exercise Notice. No option so exercised and, where applicable, no Note so deposited or transferred may be withdrawn (except as provided in the Agency Agreement) without the prior consent of the Issuer.

(e) **Early Redemption:**

(i) Zero Coupon Notes:

- (A) The Early Redemption Amount payable in respect of any Zero Coupon Note, the Early Redemption Amount of which is not linked to an index and/or a formula, upon redemption of such Note pursuant to Condition 6(f) or Condition 6(g) or upon it becoming due and payable as provided in Condition 9 shall be the Amortised Nominal Amount (calculated as provided below) of such Note unless otherwise specified in the relevant Pricing Supplement.
- (B) Subject to the provisions of sub-paragraph (C) below, the Amortised Nominal Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown in the relevant Pricing Supplement, shall be such rate as would produce an Amortised Nominal Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.
- (C) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 6(f) or Condition 6(g) or upon it becoming due and payable as provided in Condition 9 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Nominal Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Amortised Nominal Amount becomes due and payable were the Relevant Date. The calculation of the Amortised Nominal Amount in accordance with this sub-paragraph shall continue to be made (as well after as before judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 5(d).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown in the relevant Pricing Supplement.

(ii) Other Notes:

The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) above), upon redemption of such Note pursuant to Condition 6(f) or Condition 6(g), or upon it becoming due and payable as provided in Condition 9 shall be the Final Redemption Amount together with interest accrued to the date fixed for redemption (including, where applicable, any Arrears of Interest) unless otherwise specified in the relevant Pricing Supplement.

(f) **Redemption for Taxation Reasons:**

- (i) If, by reason of any change in French law, or any change in the official application or interpretation of such law, becoming effective after the Issue Date, the Issuer would on the occasion of the next payment of principal or interest due in respect of the Notes, not be able to make such payment without having to pay additional amounts as specified under Conditions 8(a) and 8(b) below, the Issuer may, at its option, on any Interest Payment Date or, if so specified in the relevant Pricing Supplement, at any time, subject to having given not more than 60 nor less than 30 days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 15, redeem all, but not some only, of the Notes at their Early Redemption Amount together with, unless otherwise specified in the relevant Pricing Supplement, any interest accrued to the date set for redemption (including, where applicable, any Arrears of Interest) provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which

the Issuer could make payment of principal and interest without withholding for French taxes.

- (ii) If the Issuer would on the next payment of principal or interest in respect of the Notes be prevented by French law from making payment to the Noteholders or, if applicable, Couponholders of the full amounts then due and payable, notwithstanding the undertaking to pay additional amounts contained in Conditions 8(a) and 8(b) below, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall upon giving not less than seven days' prior notice to the Noteholders in accordance with Condition 15, redeem all, but not some only, of the Notes then outstanding at their Redemption Amount together with, unless otherwise specified in the relevant Pricing Supplement, any interest accrued to the date set for redemption (including, where applicable, any Arrears of Interest) on (A) the latest practicable Interest Payment Date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes, provided that if such notice would expire after such Interest Payment Date the date for redemption pursuant to such notice of Noteholders shall be the later of (i) the latest practicable date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes and (ii) 14 days after giving notice to the Fiscal Agent as aforesaid or (B) if so specified in the relevant Pricing Supplement, at any time, provided that the due date for redemption of which notice hereunder shall be given shall be the latest practicable date at which the Issuer could make payment of the full amount payable in respect of the Notes, or, if applicable, Receipts or Coupons or, if that date is passed, as soon as practicable thereafter.
- (g) **Partly Paid Notes:** Partly Paid Notes will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition and the provisions specified in the relevant Pricing Supplement.
- (h) **Purchases:** The Issuer shall have the right at all times to purchase Notes (provided that, in the case of Materialised Notes, all unmatured Receipts and Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price.
- (i) **Cancellation:** All Notes purchased by or on behalf of the Issuer must be cancelled, in the case of Dematerialised Notes, by transfer to an account in accordance with the rules and procedures of Euroclear France and, in the case of Materialised Bearer Notes, by surrendering the Temporary Global Certificate and the Definitive Materialised Bearer Notes in question together with all unmatured Receipts and Coupons and all unexchanged Talons to the Fiscal Agent and, in each case, if so transferred or surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with, in the case of Dematerialised Notes, all rights relating to payment of interest and other amounts relating to such Dematerialised Notes and, in the case of Materialised Notes, all unmatured Receipts and Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so cancelled or, where applicable, transferred or surrendered for cancellation may not be re-issued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.
- (j) **Illegality:** If, by reason of any change in French law, or any change in the official application of such law, becoming effective after the Issue Date, it will become unlawful for the Issuer to perform or comply with one or more of its obligations under the Notes, the Issuer will, subject to having given not more than 45 nor less than 30 days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 15, redeem all, but not some only, of the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any Arrears of Interest).

7 Payments and Talons

- (a) **Dematerialised Notes:** Payments of principal and interest (including, for the avoidance of doubt, any Arrears of Interest, where applicable) in respect of Dematerialised Notes shall (in the case of Dematerialised Notes in bearer dematerialised form or administered registered form) be made by transfer to the account denominated in the relevant currency of the relevant Account Holders for the benefit of the Noteholders and, (in the case of Dematerialised Notes in fully registered form), to an account denominated in the relevant currency with a Bank designated by

the Noteholders. All payments validly made to such Account Holders will be an effective discharge of the Issuer in respect of such payments.

- (b) **Materialised Bearer Notes:** Payments of principal and interest (including, for the avoidance of doubt, any Arrears of Interest, where applicable) in respect of Materialised Bearer Notes shall, subject as mentioned below, be made against presentation and surrender during usual business hours of the relevant Receipts (in the case of payments of Instalment Amounts other than on the due date for redemption and provided that the Receipt is presented for payment together with its relative Note), Materialised Bearer Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 7(f)(vi)) or Coupons (in the case of interest, save as specified in Condition 7(f)(vi)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the Noteholder, by transfer to an account denominated in such currency with, a Bank. “Bank” means a bank in the principal financial centre for such currency or, in the case of Euro, in a city in which banks have access to the TARGET System.
- (c) **Payments in the United States:** Notwithstanding the foregoing, if any Materialised Bearer Notes are denominated in U.S. Dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.
- (d) **Payments Subject to Fiscal Laws:** All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in the place of payment but without prejudice to the provisions of Condition 8. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.
- (e) **Appointment of Agents:** The Fiscal Agent, the Paying Agents, the Calculation Agent, the Redenomination Agent and the Consolidation Agent initially appointed by the Issuer and their respective specified offices are listed below. The Fiscal Agent, the Paying Agents, the Redenomination Agent, the Consolidation Agent and the Registration Agent act solely as agents of the Issuer and the Calculation Agent(s) act(s) as independent experts(s) and, in each case such, do not assume any obligation or relationship of agency for any Noteholder or Couponholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent, the Redenomination Agent, the Consolidation Agent and the Registration Agent or the Calculation Agent(s) and to appoint additional or other Paying Agents, provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) a Redenomination Agent and a Consolidation Agent where the Conditions so require, (iv) Paying Agents having specified offices in at least two major European cities (including Paris so long as the Notes are listed on Euronext Paris and/or Luxembourg so long as the Notes are listed on the Luxembourg Stock Exchange and, in either case, so long as the rules of the relevant Stock Exchange so require) (v) in the case of Materialised Notes, if the conclusions of the ECOFIN Council meeting of 26-27 November 2000 are implemented, a Paying Agent in a Member State of the EU that will not oblige such Paying Agent to withhold or deduct tax pursuant to the Directive on the taxation of savings (which may be any of the Paying Agents referred to in (iv) above), (vi) in the case of Dematerialised Notes, in fully registered form, a Registration Agent and (vii) such other agents as may be required by any other stock exchange on which the Notes may be listed.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Materialised Bearer Notes denominated in U.S. Dollars in the circumstances described in paragraph (c) above.

On a redenomination of the Notes of any Series pursuant to Condition 1(d) with a view to consolidating such Notes with one or more other Series of Notes, in accordance with Condition 14, the Issuer shall ensure that the same entity shall be appointed as both Redenomination Agent and Consolidation Agent in respect of both such Notes and such other Series of Notes to be so consolidated with such Notes.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 15.

(f) **Unmatured Coupons and Receipts and unexchanged Talons:**

- (i) Unless Materialised Bearer Notes provide that the relative Coupons are to become void upon the due date for redemption of those Notes, Materialised Bearer Notes should be surrendered for payment together with all unmatured Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unmatured Coupon (together, where applicable, with the amount of any Arrears of Interest corresponding to such Coupon) (or, in the case of payment not being made in full, that proportion of the amount of such missing unmatured Coupon (together, where applicable, with the amount of any Arrears of Interest corresponding to such Coupon) that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Amortised Nominal Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 10).
 - (ii) If Materialised Bearer Notes so provide, upon the due date for redemption of any such Materialised Bearer Note, unmatured Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
 - (iii) Upon the due date for redemption of any Materialised Bearer Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
 - (iv) Upon the due date for redemption of any Materialised Bearer Note that is redeemable in instalments, all Receipts relating to such Materialised Bearer Note having an Instalment Date falling on or after such due date (whether or not attached) shall become void and no payment shall be made in respect of them.
 - (v) Where any Materialised Bearer Note that provides that the relative unmatured Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmatured Coupons, and where any Bearer Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
 - (vi) If the due date for redemption of any Materialised Bearer Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, (including, for the avoidance of doubt, any Arrears of Interest if applicable) shall only be payable against presentation (and surrender if appropriate) of the relevant Definitive Materialised Bearer Note. Interest accrued on a Materialised Bearer Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Materialised Bearer Notes.
- (g) **Talons:** On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 10).
- (h) **Non-Business Days:** If any date for payment in respect of any Note, Receipt or Coupon is not a business day, the Noteholder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, “**business day**” means a day (other than a Saturday or a Sunday) (A) (i) in the case of Dematerialised Notes, on which Euroclear France is open for business or (ii) in the case of Materialised Notes, on which banks and foreign exchange markets are open for business in the relevant place of presentation, in such jurisdictions as shall be specified as “**Additional Financial Centres**” in the relevant Pricing Supplement and (B) (i) (in the case of a payment in a currency other than Euro), where payment is to be made by transfer to an account maintained with a bank in

the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency or (ii) (in the case of a payment in Euro), which is a TARGET Business Day.

8 Taxation

- (a) **Tax exemption for Notes issued or deemed to be issued outside France:** Interest and other revenues with respect to Notes which constitute *obligations* and which, as may be specified in the relevant Pricing Supplement, are being issued or deemed to be issued outside the Republic of France benefit from the exemption provided for in Article 131 *quater* of the French General Tax Code from deduction of tax at source. Accordingly such payments do not give the right to any tax credit from any French source. The tax regime applicable to Notes which do not constitute *obligations* will be set out in the relevant Pricing Supplement.

As to the meaning of the expression “issued or deemed to be issued outside the Republic of France” see “Summary of the Programme – Taxation” above.

- (b) **Additional Amounts:** If French law should require that payments of principal or interest in respect of any Note, Receipt or Coupon be subject to deduction or withholding in respect of any present or future taxes or duties whatsoever, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts as shall result in receipt by the Noteholders or, if applicable, the Receiptholders and the Couponholders, as the case may be, of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon, as the case may be:
- (i) **Other connection:** to, or to a third party on behalf of, a Noteholder who is liable to such taxes, duties, assessments or governmental charges in respect of such Note, Receipt or Coupon by reason of his having some connection with the Republic of France other than the mere holding of the Note, Receipt or Coupon; or
 - (ii) **Presentation more than 30 days after the Relevant Date:** more than 30 days after the Relevant Date except to the extent that the Noteholder would have been entitled to such additional amounts on presenting it for payment on the thirtieth such day.
 - (iii) **Payment to individuals:** where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to any EU Directive on the taxation of savings implementing the conclusions of the ECOFIN Council Meeting of 26-27 November 2000, or any law implementing or complying with, or introduced in order to conform to, such Directive; or
 - (iv) **Payment by another paying agent:** presented for payment by or on behalf of a holder who would be able to avoid such withholding or deduction by presenting the relevant Note, Receipt or Coupon to another paying agent in a Member State of the EU.

As used in these Conditions, “**Relevant Date**” in respect of any Note, Receipt or Coupon means the date on which payment in respect of it first becomes due (and, for the avoidance of doubt, in the case of Arrears of Interest, references to “becomes due” shall be interpreted in accordance with the provisions of Condition 5(h)) or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or, in the case of Materialised Notes (if earlier) the date seven days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note, Receipt or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation. References in these Conditions to (i) “**principal**” shall be deemed to include any premium payable in respect of the Notes, all Instalment Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Amortised Nominal Amounts and all other amounts in the nature of principal payable pursuant to Condition 6 or any amendment or supplement to it, (ii) “**interest**” shall be deemed to include all Interest Amounts and all other amounts (including, for the avoidance of doubt, all Arrears of Interest) payable pursuant to Condition 5 or any amendment or supplement to it and (iii) “**principal**” and/or “**interest**” shall be deemed to include any additional amounts that may be payable under this Condition.

- (c) **Tax exemption for Notes not issued or deemed to be issued outside France:** Interest and other revenues with respect to Notes which, if so specified in the relevant Pricing Supplement, are not being issued or deemed to be issued outside the Republic of France only benefit from the exemption from deduction of tax at source provided by, and subject to the provisions of, Article 125 A III of the French General Tax Code, which requires *inter alia*, certification of non-French residency.
- (d) **Certification of Non-Residency in France:** Each Noteholder shall be responsible for supplying certification of non-residency (a form of which shall be available at the specified offices of any of the Paying Agents or in such other form as may be required by the French tax authorities from time to time) in accordance with the provisions of Article 125 A III of the French General Tax Code and the Issuer shall not be responsible for any deduction or withholding in respect of any payment made under any Note, Receipt or Coupon resulting from the failure of such Noteholder to submit such certification.

9 Events of Default

The Representative (as defined in Condition 11), upon request of any Noteholder, may, upon written notice to the Fiscal Agent given before all defaults shall have been cured, cause all the Notes (but not some only) held by such Noteholder to become immediately due and payable at their principal amount, together with any accrued interest thereon, as of the date on which such notice for payment is received by the Fiscal Agent without further formality, if any of the following events (each an “**Event of Default**”) shall occur:

- (a) **Unsubordinated Notes:** In the case of Unsubordinated Notes:
 - (i) the Issuer defaults in making the payment of any principal or interest (including the payment of any additional amounts in accordance with Condition 8) due in respect of the Notes or any of them and such default continues for a period of seven (7) days in the case of principal and fourteen (14) days in the case of interest; or
 - (ii) the Issuer fails to perform or observe any of its other obligations under these Terms and Conditions and (except where such failure is incapable of remedy when no such notice or continuation as is hereinafter mentioned will be required) such failure continues for the period of 30 days next following the service by the Representative on the Issuer of notice requiring the same to be remedied at the request of any Noteholder; or
 - (iii) any Relevant Indebtedness (as defined below) of the Issuer becomes due and repayable prematurely by reason of an event of default (however described) or the Issuer fails to make any payment in respect thereof on the due date for such payment as extended by any applicable grace period as originally provided or the security for any such Relevant Indebtedness becomes enforceable unless, in each case, the Issuer is contesting in good faith in a court of competent jurisdiction that such Relevant Indebtedness is due or that such security is enforceable.
“Relevant Indebtedness” means Indebtedness (as defined in Condition 4) which (either alone or when aggregated with the principal amounts of any other such Indebtedness in respect of which any of the events described above have occurred) amounts to €50,000,000 in aggregate principal amount; or
 - (iv) the Issuer shall cease or threaten to cease to carry on the whole or the major part of its business either through the Issuer or any of its consolidated subsidiaries, or the Issuer shall cease generally to pay, or shall be unable to, or shall admit inability to, service its debt as it falls due, or shall be adjudicated or found bankrupt or insolvent; or
 - (v) if the Issuer applies for the appointment of a conciliator (*conciliateur*), or ceases to pay its debts generally as and when they fall due or enter into an amiable settlement (*accord amiable*) with its creditors or a judgment is issued for the judicial liquidation (*liquidation judiciaire*) of the Issuer or for a transfer of the whole of its business (*cession totale de l'entreprise*), or in the absence of legal proceedings, if the Issuer makes a conveyance, assignment or other arrangement for the benefit of its creditors or enters into a composition with its creditors, or a resolution is passed for its winding-up or dissolution except in connection with a merger or other reorganisation, consolidation or amalgamation pursuant

to which the surviving entity assumes all of the obligations of the Issuer with respect to the Notes.

- (b) **Subordinated Notes:** In the case of Subordinated Notes and in accordance with Condition 3(b), if any judgment shall be issued for the transfer of the whole of its business (*cession totale de l'entreprise*) or the judicial liquidation (*liquidation judiciaire*) of the Issuer or if the Issuer is liquidated for any other reason then the Subordinated Notes shall become immediately due and payable, in accordance with Condition 3(b), at their principal amount together with any accrued interest to the date of payment and where applicable, any Arrears of Interest, without further formality.

10 Prescription

Claims against the Issuer for payment in respect of the Notes, Receipts and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within 10 years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date in respect of them.

11 Representation of Noteholders

Except as otherwise provided by the relevant Pricing Supplement, Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a *masse* (in each case, the “**Masse**”).

The Masse will be governed by the provisions of the French Code of Commerce with the exception of Articles L.228-48 and L.228-59 and by the decree no. 67-236 of 23 March 1967, with the exception of Articles 218, 222 and 224 subject to the following provisions:

(a) Legal Personality

The Masse will be a separate legal entity and will act in part through a representative (the “**Representative**”) and in part through a general meeting of the Noteholders (the “**General Meeting**”).

The Masse alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which now or in the future may accrue respectively with respect to the Notes.

(b) Representative

The office of Representative may be conferred on a person of any nationality who agrees to perform such function. However, the following persons may not be chosen as Representatives:

- (i) the Issuer, the members of its Board of Directors (*Conseil d'administration*), its Supervisory Board (*Conseil de surveillance*), its general managers (*directeurs généraux*), its statutory auditors, or its employees as well as their ascendants, descendants and spouse; or
- (ii) companies guaranteeing all or part of the obligations of the Issuer, their respective managers (*gérants*), general managers (*directeurs généraux*), members of their Board of Directors, Executive Board (*Directoire*), or Supervisory Board (*Conseil de surveillance*), their statutory auditors, or employees as well as their ascendants, descendants and spouse; or
- (iii) companies holding 10 per cent. or more of the share capital of the Issuer or companies having 10 per cent. or more of their share capital held by the Issuer; or
- (iv) persons to whom the practice of banker is forbidden or who have been deprived of the right of directing, administering or managing an enterprise in whatever capacity.

The names and addresses of the initial Representative of the Masse and its alternate will be set out in the relevant Pricing Supplement. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single Masse of all Tranches in such Series.

The Representative will be entitled to such remuneration in connection with its functions or duties as set out in the relevant Pricing Supplement.

In the event of death, retirement or revocation of appointment of the Representative, such Representative will be replaced by another Representative. In the event of the death, retirement or revocation of appointment of the alternate Representative, an alternate will be elected by the General Meeting.

All interested parties will at all times have the right to obtain the name and address of the Representative and the alternate Representative at the head office of the Issuer and the specified offices of any of the Paying Agents.

(c) **Powers of Representative**

The Representative shall (in the absence of any decision to the contrary of the General Meeting) have the power to take all acts of management necessary in order to defend the common interests of the Noteholders.

All legal proceedings against the Noteholders or initiated by them, must be brought by or against the Representative.

The Representative may not be involved in the management of the affairs of the Issuer.

(d) **General Meeting**

A General Meeting may be held at any time, on convocation either by the Issuer or by the Representative. One or more Noteholders, holding together at least one-thirtieth of the principal amount of the Notes outstanding, may address to the Issuer and the Representative a demand for convocation of the General Meeting. If such General Meeting has not been convened within two months after such demand, the Noteholders may commission one of their members to petition a competent court in Paris to appoint an agent (*mandataire*) who will call the General Meeting.

Notice of the date, time, place and agenda of any General Meeting will be published as provided under Condition 15.

Each Noteholder has the right to participate in a General Meeting in person or by proxy. Each Note carries the right to one vote or, in the case of Notes issued with more than one Specified Denomination, one vote in respect of each multiple of the lowest Specified Denomination comprised in the principal amount of the Specified Denomination of such Note.

(e) **Powers of the General Meetings**

The General Meeting is empowered to deliberate on the dismissal and replacement of the Representative and the alternate Representative and also may act with respect to any other matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the Notes, including authorising the Representative to act at law as plaintiff or defendant.

The General Meeting may further deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, it being specified, however, that the General Meeting may not increase amounts payable by Noteholders, nor establish any unequal treatment between the Noteholders, nor decide to convert Notes into shares.

General Meetings may deliberate validly on first convocation only if Noteholders present or represented hold at least a quarter of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a simple majority of votes cast by Noteholders attending such General Meetings or represented therat.

Decisions of General Meetings must be published in accordance with the provisions set forth in Condition 15.

(f) **Information to Noteholders**

Each noteholder or Representative thereof will have the right, during the 15-day period preceding the holding of each General Meeting, to consult or make a copy of the text of the resolutions which will be proposed and of the reports which will be presented at the General Meeting, all of which will be available for inspection by the relevant Noteholders at the registered office of the Issuer, at the specified offices of any of the Paying Agents during usual business hours and at any other place specified in the notice of the General Meeting.

(g) **Expenses**

The Issuer will pay all expenses relating to the operation of the Masse, including expenses relating to the calling and holding of General Meetings and, more generally, all administrative expenses resolved upon by the General Meeting, it being expressly stipulated that no expenses may be imputed against interest payable under the Notes.

(h) **Single Masse**

The holders of Notes of the same Series, and the holders of Notes of any other Series which have been assimilated with the Notes of such first mentioned Series in accordance with Condition 14, shall, for the defence of their respective common interests, be grouped in a single Masse. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single Masse of all such Series.

12 Modifications

These Conditions may be amended, modified or varied in relation to any Series of Notes by the terms of the relevant Pricing Supplement in relation to such Series.

Mutilated or defaced Materialised Bearer Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

14 Further Issues and Consolidation

(a) **Further Issues:** Unless otherwise specified in the relevant Pricing Supplement, the Issuer may from time to time without the consent of the Noteholders, Receiptholders or Couponholders create and issue further notes to be assimilated (*assimilées*) and form a single series with the Notes provided such Notes and the further notes carry rights identical in all respects (or in all respects save for the principal amount thereof and the first payment of interest in the relevant Pricing Supplement) and that the terms of such further notes provide for such assimilation and references in these Conditions to “Notes” shall be construed accordingly.

(b) **Consolidation:** The Issuer may, with the prior approval (which shall not be unreasonably withheld) of the Redenomination and Consolidation Agent, from time to time on any Interest Payment Date occurring on or after the Redenomination Date on giving not less than 30 days' prior notice to the Noteholders in accordance with Condition 15, without the consent of the Noteholders, Receiptholders or Couponholders, consolidate the Notes of one Series with the Notes of one or more other Series issued by it, whether or not originally issued in one of the European national currencies or in Euro, provided such other Notes have been redenominated in Euro (if not originally denominated in Euro) and which otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions as the Notes.

Background

It was just over one hundred years ago, in 1898, when Louis Renault produced the first “Type A” voiturette. The same year, he set up Société Renault Frères to manufacture motor vehicles, taking advantage of patents such as the first direct-drive transmission.

- In 1922, having expanded strongly in the passenger car and commercial vehicle markets, Renault became a limited company. Establishing numerous production centers in France and abroad, Renault gradually emerged as the French market leader.
- In January 1945, the company was nationalized and renamed “Régie Nationale des Usines Renault” and concentrated on producing the 4 CV.
- In 1990, Renault became a limited company once again. In the same year, it signed an agreement for close cooperation with the Volvo group. And in 1991 the two groups linked their car and truck businesses via cross-shareholdings. This arrangement was unwound after plans to merge the two groups were shelved in late 1993.
- One year later, the French government opened Renault to outside capital, a first step towards privatization, which took place in July 1996.
- From the first voiturette created by Louis Renault in 1898 to the latest arrival, Vel Satis, Renault has been the source of many ground-breaking concepts in automotive history: the 4 CV in 1946; the Renault 4 in 1961; the Renault 16, with its rear hatch and modular interior, in 1965; the Renault 5 with its polyester bumpers in 1972; turbo-powered vehicles starting in 1980; the Espace in 1984; Twingo in 1993; and Mégane Scénic in 1996 are just some of the models that have contributed to the company’s tradition of innovation.
- 1999 marked the start of a new era in Renault’s history with the signing of an alliance with Nissan (hereinafter the “Alliance”), on 27 March in Tokyo. In the same year, Renault acquired a new brand by taking a 51% stake in Romanian carmaker Dacia.
- In 2000, this expansion continued, with Renault increasing its stake in Dacia to 80.1% and acquiring a new brand – Samsung Motors in Korea.
- In January 2001, the agreement signed with Volvo in July 2000 came into effect, making Renault the principal shareholder in the world’s second-largest truck manufacturing company.
- In June 2001, Renault increased its stake in Dacia to 92.7%.
- Work towards the formation of a Renault-Nissan bi-national group entered a new phase on 30 October 2001 with the announcement of a plan to step up the development of the Alliance. The plan involves:
 - a) strengthening equity ties, to reinforce links between the two companies and create a community of interests
 - b) setting up a common strategic command structure.

- 2001 saw the market launch of Laguna II from January, New Clio in the first half-year and Avantime in November. In 2001, Renault also unveiled Vel Satis, its top-range sedan that went on sale in March 2002.

Structure of the Renault Group

Renault is the parent company of the Renault group.

The group's activities are organized into two main divisions:

- The Automobile Division (93.1% of revenues, or EUR 33.8 billion in 2001) is responsible for designing, manufacturing and marketing passenger cars and light commercial vehicles. It also handles related activities such as agricultural machinery;
- The Finance Division (5% of revenues, or EUR 1.8 billion in 2001) is a support division with financial and commercial businesses, bringing together the subsidiaries responsible for sales financing and services. It is also responsible for managing the group's cash funds.

Under the agreement signed with Volvo in July 2000 and which came into effect on 2 January 2001, the truck operation is no longer fully consolidated. Renault's equity interest in the new unit – 20% of all shares issued by AB Volvo – is accounted for under the equity method (*société mise en équivalence*).

Information about Irisbus (1.9% of consolidated group revenues or EUR 0.7 billion) is contained under the item "Other" in the financial statements.

*** Creation of Renault s.a.s.**

The strengthening of the Alliance between Renault and Nissan Motor Co., Ltd. (hereinafter as "Nissan Motor") and the delegation of its strategic management to Renault-Nissan b.v. has led to reorganise Renault, with the creation of a *société par actions simplifiée* (a French simplified form of joint-stock company), Renault s.a.s., which is wholly owned by Renault and which holds the majority of Renault group operating assets.

Renault s.a.s. is managed by the same chairman as Renault, and its board of directors has the same members as the board of directors of Renault.

Renault s.a.s. has received a partial contribution of assets from Renault on conclusion of a contribution agreement that was signed by Renault and Renault s.a.s. on 22 February 2002. This partial contribution of assets was approved by the extraordinary general meeting of shareholders of Renault that took place on 28 March 2002 and became effective on 1 April 2002.

The net value of the contribution made by Renault was determined on the basis of accounts for the financial year ending 31 December 2001.

Under the terms of the agreement, Renault made the contribution to the beneficiary company subject to ordinary *de facto* and *de jure* warranties, of all assets and liabilities, rights and securities, without limitation, constituting all of the activities of Renault at 31 December 2001, except for:

- assets items composed of (i) shares in Nissan Motor (4552 million euros), Irisbus Holding (147 million euros), Nissian Diesel, Renault Nissan Purchasing Organization (RNPO), Sofrastock (currently being transformed into Renault s.a.s.) as beneficiary of this capital contribution and self-held shares (301 million euros) (ii) credits connected to subsidiaries (6775 million euros), credits connected to the group's tax framework (57 million euros) (iii) and financial assets (including unrealized losses on foreign exchange transactions): 398 million euros; shares in SCI Plateau de Guyancourt along with contracts and undertakings linked to the financing of the Technocentre.

Shares certificate or shares of holding subsidiaries which might be subject to rights of third parties or particular restrictions shall be considered in a separate agreement.

- liabilities composed of (i) equity loans (324 million euros), (ii) financial debts and bank borrowings, including unrealized gains on foreign exchange transactions and provisions for foreign exchange losses (6174 million euros), contingency and loss provisions (86 million euros), debts and provisions connected to the group's tax framework (374 million euros) and corporate debts (66 million euros).

It is to be observed that the off-balance sheet undertakings whether granted or received linked to the assets and liabilities listed hereabove are not included in this assets contribution.

*** Creation of Renault-Nissan b.v.**

Moreover, Renault-Nissan b.v., a company governed by Dutch law, equally owned by Renault and Nissan Motor became fully operational since 17 April 2002. This company has the objective of defining certain strategic axes and curtailing the decision-making process so that the enhanced synergies can be put to the service of shared objectives.

Renault-Nissan b.v. acts solely within the framework of the decisions of the Alliance formed between Renault and Nissan Motor.

Renault-Nissan b.v. has an exclusive decision making authority, *inter alia*, with respect to mid- and long-term planning (three, five and ten year plans), on commonalities in products and powertrains, on principles of financial policy and on the validation of Renault's and Nissan's product plans. It should wholly own existing (Renault-Nissan Purchasing Organization) and future joint companies, which will establish exclusive contractual relationships with Renault and Nissan.

Renault-Nissan b.v. will also make proposals to Renault and Nissan on issues such as the creation of joint companies, significant changes in market or product coverage, major investments and third-party strategic cooperation.

*** Creation of a Foundation**

A foundation governed by Dutch law created by Renault and Nissan (the "Foundation") has the right, on conclusion of a subscription contract, to subscribe to preference shares and to one priority share in Renault-Nissan b.v. in such a way that following the issue of said shares, it owns the majority of the latter's share capital. The Foundation shall be entitled to require that Renault-Nissan b.v. shares be issued in its favour in the event of a so-called "creeping" control, i.e. by the accumulation of over 15% of Renault's and/or Nissan's shares via purchase on the stock market or acquisition of blocks of shares. Conversely, it may not exercise this right in the event of a public offer for Renault's and/or Nissan's shares, since in that case French or Japanese regulations with regard to public offers are exclusively applicable. The Foundation shall not be able to act if the purchaser has acquired its shares from the French State under a competitive bidding procedure. Therefore, the Foundation can only come into play in the event of the acquisition of a shareholding of over 15%, via the accumulation of shares from investors other than the French State, but less than the 33.33% threshold that triggers an offer.

The preference shares and the priority share shall be cancelled in the event that the holding falls below 15%, or if a public offer is filed. The same applies on expiry of an 18-month period following their issue.

Renault-Nissan Alliance: A Plan to Step Up Development of the Bi-National Group

In 2001 Renault and Nissan entered a new phase in the construction of the Renault-Nissan bi-national group. The Alliance forged between the two companies in March 1999 has given the Renault-Nissan entity the potential to rank among the world's top automotive groups. The challenge at this time is to root the Alliance even more deeply by creating a strategic unit for the bi-national group while preserving the operating autonomy of the two companies. With the support of Renault and the success of its recovery plan, Nissan can now take the place that was reserved for it in the initial agreements. For its part, Renault, having supported and financed Nissan's recovery, is counting on benefiting from a maximum of synergies between the two groups. A plan to accelerate the deployment of the bi-national group was presented in October 2001. The plan is designed to serve the interests of shareholders, employees and customers of both companies by improving synergies and earnings. It calls for cross-shareholdings between Renault and Nissan to strengthen the solidarity between them and create a community of interests. The plan will also ensure the strategic coherence needed to exploit the complementary strengths of the two companies by establishing a single strategic command structure that will set the Alliance's long-term goals.

Since the signing of their agreement in 1999, Renault and Nissan have completed several key stages in implementing the Alliance. The cooperation between them is based on simple principles: share resources in order to realize economies of scale; and exploit the complementarities in terms of product ranges, markets and know-how to generate incremental revenue. The goal is to increase industrial efficiency while preserving the identity of each brand needed to maintain strong brand images and cover the broadest possible spectrum of customers.

The Alliance is developing common platforms and powertrains. At the same time, it is implementing a strategy of coordinated purchasing and shared production capacity. The separate identity of each of the brands is being preserved.

Renault and Nissan are strongly complementary in terms of markets, products and know-how. Accordingly, they can be present in all the major automobile markets, and each can move into new markets at low cost by drawing support from the other's manufacturing facilities or distribution network. Each can enhance its product and service offering to generate incremental income. Moreover, Renault and Nissan each benefit by exchanging their know-how in research and development, quality and marketing.

Renault's Strategy

Renault is pursuing a strategy of profitable growth based on innovation and brand identity, international development and competitiveness. In 2001 progress in this strategy was accelerated by cooperation with Nissan as part of the Alliance between the two companies.

*** Innovation and Brand Identity**

In the passenger car market, Renault launched New Clio in the first half of 2001. In the D segment, Laguna II, marketed in hatchback and station wagon versions starting in January 2001, was well received, immediately reclaiming the top spot in its segment in France. 2001 was also the year in which Renault began the process of renewing the top end of its range, a segment with a powerful influence on brand image and one in which Renault's ambition is to gain a durable position with products that set it apart from other manufacturers. The renewal of the group's range of passenger cars and light commercial vehicles, set to take place between 2002 and 2004, will pick up speed with the launch of 20 new models, some 15 of which under the Renault nameplate.

*** International Deployment**

With its acquisition of Dacia in Romania in 1999 and the operating assets of Samsung Motors in Korea in 2000, Renault became a multi-brand group in just two years. It has continued to consolidate its presence on the international stage. In 2001 the group undertook a number of measures to strengthen these two new brands.

Beyond the investment outlays required to sustain the deployment phase, Renault's international expansion represents a strategic choice, embraced in full, to ensure future growth for the group and spread production and development costs over a broader base.

*** Competitiveness: Second Three-Year Cost-Reduction Plan**

The first cost-reduction plan was completed at the end of 2000 having achieved EUR 3 billion in savings relative to the 1997 budget based on a constant level of activity, in line with the objective established for it. Renault launched a new three-year cost-reduction plan for 2001-2003 targeting additional savings of EUR 3 billion relative to 2000. The second plan is driven by two imperatives: to respond to the intensifying competitive and regulatory environment, in which prices are trending downwards and pollution and safety standards are becoming more stringent; and to bolster Renault's continued international development and improvement in profitability. It is part and parcel of the group's profitable growth strategy, which makes competitiveness in terms of costs, delivery times and quality one of its three main thrusts.

In 2001 the Finance Division continued its actions to cut costs and improve productivity. In France, the restructuring of the distribution network was finalized and production platforms were centralized. A major effort was made to refashion information systems in a number of countries including France. With the goal of identifying new sources of savings, detailed benchmarking studies of management processes were carried out internally, between the principal European subsidiaries of Renault Credit International, and externally, with the finance arms of other companies.

Outlook

2002 will be an important year of product launches for Renault, with the introduction of new top-of-the-range models and the start of the Mégane renewal, which will begin to bear fruits at the end of the year.

Against this backdrop and in a similar market context as in 2001 both inside and outside Europe, the aim in 2002 is to consolidate the group's unit sales and maintain positive operating margin, on a consistent accounting basis.

2002 will also mark the beginning of a second phase in the Alliance with Nissan, putting Renault in a position to bolster performance in the coming years.

Share Price

Renault shares have been listed on the *Premier Marché* of Euronext Paris S.A. (formerly the Paris Bourse) since 17 November 1994 following the initial public offering (Euroclear code 13 190). The initial offer price was FRF 165/EUR 25.15. Renault was added to the CAC 40 index on 9 February 1995.

Two subsidiaries are publicly traded:

Renault Argentina, listed in Buenos Aires, is 61.1%-owned by Cofal, 19.1%-owned by Renault Holding and 0.2%-owned by Renault S.A.;

Renault owns 92.7% of Dacia, which is listed in Bucharest.

Ownership structure

At 29 May 2002, Renault's share capital comprised 284 937 118 shares with a par value of 3.81 euros each, and the ownership structure was as follows:

As of 29 May 2002, to the Company's knowledge⁽¹⁾

	Number of shares	% capital	% voting rights
French State	75,999,781	26.67	32.52
Group of Associated Shareholders	7,518,467	2.64	3.22
Employees	7,402,696	2.60	3.17
General public	142,777,024	50.11	61.09
Treasury stock	8,498,582	2.98	—
Nissan Finance Co Ltd. ⁽²⁾⁽³⁾	42,740,568	15.00	—
Total	284,937,118	100.00	100.00

(1) This breakdown relates to the position at 29 May 2002, before the sale by the French State of shares to employees.

(2) Further details are provided at the chapter "Recent Developments" of this document.

(3) Nissan Finance Co., Ltd., a wholly-owned subsidiary of Nissan Motor, a company governed by Japanese law in which Renault holds 44.4% of the capital, cannot exercise the voting rights attached to the shares held in the capital of Renault. Moreover, such shares are subject to certain retention obligations: thus, under the Alliance Master Agreement concluded on 20 December 2001 between Renault and Nissan Motor provisions have been taken relating to the reinforcement of their cross-shareholding structure. These provisions, which are set out in the transaction memorandum stamped by the COB on 26 March 2002 under number 02 -275, stipulate that until 31 December 2004 neither Renault nor Nissan are entitled to sell shares in the other company without having obtained the prior approval of the Board of Directors of Renault and of Nissan Motor.

To the company's knowledge, no member of the public owns 5% or more of the share capital of Renault. Moreover, to the company's knowledge, there are no shareholder agreements other than the agreement that has been maintained since 21 November 1994 between the members of the group of associated shareholders (Groupe des Actionnaires Associés).

On 2 April 2002, the French State reduced its ownership interest in the share capital of Renault via the disposal of 27,306,691 shares, under a private placement to French and foreign institutional investors. The number of shares sold was increased by 2,730,669 shares via the exercise of an over-allocation option granted by the French State to the banking syndicate, taking the total number of shares transferred by the French State to 30,037,360.

As a consequence thereof, ten percent of the total amount sold by the French State are going to be offered to employees and former employees of Renault and its subsidiaries.

Following the offer reserved for employees on the basis of the assumptions listed below⁽⁴⁾, it is believed that the breakdown of ownership of Renault's share capital will be modified as indicated in the table below:

	<i>Number of shares</i>	<i>% capital</i>	<i>% voting rights</i>
French State	72,662,297	25.50	31.10
Group of Associated Shareholders.....	7,518,467	2.64	3.22
Employees	10,740,180	3.17	4.60
General public	142,777,024	50.11	61.08
Treasury stock.....	8,498,582	2.98	—
Nissan Finance Co Ltd. ⁽²⁾⁽³⁾	42,740,568	15.00	—
Total	284,937,118	100.00	100.00

(4) Estimation based on the following assumptions:

- acquisition by employees of all the shares that have been reserved for them under the present offer, i.e. a total of 3,337,484 shares and before any future bonus share distribution;

Senior Management and Corporate Governance at 26 April 2002

The company is managed by a Board of Directors with 17 members. Thirteen are chosen by the Annual General Meeting of Shareholders, three represent the company's employees and one represents employee shareholders. Directors are appointed for a term of six years if appointed before 26 April 2002, and they are appointed for a term of four years if they were or are to be appointed as from 26 April 2002.

On 26 April, the general meeting decided to reduce from 5 to 4 the number of board members appointed by the French State. Mr Jean Claude Paye's mandate was renewed, but no longer as a representative of the French State, rather as representative of the shareholders.

Mr Carlos Ghosn (*Director*: Alcoa Inc., Mirant Corporation, Nissan Motor Co. Ltd.) was appointed as a new board member.

Mr Carlos Ghosn and Mr Jean Claude Paye are both appointed for a term of four years.

(1) Directors representing employees and employee shareholders are appointed following election by the relevant college.

(2) Franck Riboud, co-opted by the Board of Directors on 19 December 2000 after the resignation of Antoine Riboud; ratified by the Joint General Meeting of 10 May 2001.

The Board of Directors appoints one of its members as Chairman. The Chairman, who must be a natural person, may stand for re-election when his term of office expires. Every Board member must hold at least one registered share. In 2001, the Board of Directors met seven times.

In accordance with the recommendations of the 1995 Viénot report on corporate governance in France, which was supplemented by a second report published in July 1999, Renault's Board of Directors has adopted a system of bylaws and specialized committees.

The bylaws define the role of the Board of Directors, who collectively represent the company's shareholders, and have led to the drafting of a charter that establishes the rights and duties of Board members. The Board of Directors has also adopted procedures for the use and/or disclosure of privileged information. On 26 July 2001, the Board of Directors appointed a compliance officer to answer any queries relating to the interpretation and application of these procedures. In 1998, Renault ordered an independent audit of the structure, organization and operating procedures of its Board of Directors. It intends to repeat this audit on a regular basis. A second audit was submitted to the Board of Directors on 27 February 2001.

To permit in-depth examination of specific topics relating to the Board of Directors' role, three specialized committees were created in 1996:

- an accounts and audit committee, chaired by Robert Studer and composed of Jean-Pierre Camescasse, Pierre Alanche, Nicolas Jachiet and Henri Martre. The committee's mission is to analyze the financial statements, and to ensure that appropriate methods have been used to prepare them. In 2001 the committee met twice.
- an appointments and remuneration committee, chaired by Michel Pébereau and composed of François de Combret, Louis Schweitzer and Franck Riboud. The committee's mission is to submit proposals to the Board for the appointment of new directors and to advise on the renewal of directorships that have expired. It also submits proposals on the remuneration of senior managers and grants of stock options. In 2001 the committee met twice.
- an international strategy committee, chaired by Jean-Luc Lagardère and composed of Jeanne Seyvet, Henri Martre, Jean-Marie Bousset, Yoshikazu Hanawa, Jean-Claude Paye, Danièle Potvin and Bernard Larroutuou. The committee's mission is to analyze the company's international plans and present them to the Board. In 2001 the committee met once.

Members of the Renault Management Committee receive a consideration comprising a fixed and a variable portion. The variable portion is based on the company's economic performance for the previous year, assessed by two criteria: the difference between budgeted and actual operating margin, and return on equity.

In 2001, the total emoluments paid to Management Committee members amounted to FRF 64,044,622, of which FRF 48,739,770 for the fixed portion (compared with a total of FRF 76,020,750 and FRF 51,700,846 in 2000). It should be noted that the Committee was reduced from 28 members in 2000 to 25 in 2001. The total consideration paid to Mr. Schweizer in 2001 was FRF 7,154,710, of which FRF 4,900,000 for the fixed portion (compared with FRF 7,085,219, of which a fixed FRF 4,149,012 in 2000).

Management Committee members do not receive directors' fees from group companies in which they hold senior office.

In 2001, a consideration of FRF 1,927,148 was paid to employee board members, broken down as follows: Mr. Alanche – FRF 808,096, Mr. Camescasse – FRF 622,404, Ms. Potvin – FRF 267,750 and Mr. Bousset – FRF 229,262.

Upon the finalization on 2 January 2001 of the agreement between Renault and AB Volvo, Renault transferred 100% of its shares and voting rights in Renault VI to AB Volvo, which in return transferred 15% of its own shares and voting rights to Renault. Renault also acquired a further 5% of AB Volvo's capital on the open market. These transactions (details in note 2) led to deconsolidation of the Renault VI Group, while the interest in the AB Volvo Group, which now comprises the RVI Group, was included under the equity method. Pro forma consolidated financial statements for 2000 are presented in note 2-A for the main income statement, balance sheet and cash flow items.

- (a) Until 31 December 2000, the information by Division included data for the Commercial Vehicles Division. This Division essentially comprised the « Commercial Vehicles » businesses of Renault V.I. and its subsidiaries, that also included the « Coach & Bus » activity of Irisbus and its subsidiaries. The finalization of the Renault V.I./Volvo operation on 2 January 2001 (note 2-A) resulted in deconsolidation of Renault V.I.; and consequently the information by Division no longer includes the Commercial Vehicles Division.
Data for Irisbus is now included under the heading « Eliminations », which in 2001 also contains the gain of Euro 335 million on the sale of Renault V.I. shares to Volvo. Figures for the year 2000 have been adjusted for the pro forma presentation.
- (b) For the Finance Division, income statement and balance sheet items represent the sale financing activity (including the division's own cash flow and financial indebtedness).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

These notes are only an extract of the notes to the audited consolidated financial statements which appear in the latest annual report relating to the Issuer.

1 Accounting Policies

The Renault group financial statements are prepared in accordance with French accounting regulations applicable at 31 December 2001.

Renault is making preparations for the compulsory application of IASB international standards by listed European companies from 2005. The adaptations necessary will be made with regard to the constraints of the situation, i.e. IASB draft standards, the transitional provisions for application of standards in Europe, the timescale for incorporation of these standards into French regulations, and changes in the accounting practices of the automobile industry.

Currently, the principal differences between Renault accounting policies and existing international standards concern intangible assets (IAS 38), financial instruments (IAS 39) and investment property (IAS 40).

Renault intends to apply standards IAS 38 and IAS 40 from 2002. The group also plans to apply IAS 39, once its review is finalized and has been adopted by French regulations.

2 Change in the scope of consolidation

The changes in 2001 mainly result from sales of operating subsidiaries.

(A) The Renault VI/Volvo Operation

- Description of the transaction

On 18 July 2000, Renault and Volvo signed an agreement to merge their trucks businesses. This agreement was finalized on 2 January 2001 following approval of the operation by the EC and North American authorities.

Under the terms of the final agreement:

- Renault transferred to AB Volvo 100% of its shares and voting rights in Renault VI at 2 January 2001, AB Volvo transferred to Renault SA 15% of its own shares and voting rights: 10% at 2 January 2001 and the remaining 5% in early February 2001.

In addition, Renault acquired a further 5% of AB Volvo's shares on the open market.

In 2001, Renault and Volvo began arbitration proceedings concerning the interpretation of the terms for transfer of Renault Véhicules Industriels. These proceedings may result in the transfer value being reduced, and Renault has therefore established a provision by adjusting the capital gain recorded on the transfer.

Renault does not expect the result of these arbitration proceedings to have a significant impact on its financial position.

(B) Sale of CAT

On 24 January 2001, Renault signed a draft agreement with Autologic Holding plc, TNT and Wallenius Lines (shareholders in the Global Automotive Logistics consortium) for the takeover of CAT France and its subsidiaries by Global Automotive Logistics. Upon finalization of the agreement on 17 July 2001, 100% of the CAT France shares and voting rights owned by Renault SA were transferred to Global Automotive Logistics for a total of Eur 467.4 million, of which Eur 430 million were paid cash upon signing the final agreement and Eur 37.4 million were paid in Global Automotive Logistics shares. Once these transactions were completed Renault owned 20% of the capital of Global Automotive Logistics.

Renault has an option to sell its holding in Global Automotive Logistics which can be exercised during a 12-month period beginning 17 July 2002.

(a) Until 31 December 2000, the information by division included data for the commercial vehicles division. This division essentially comprised the “commercial vehicles” businesses of Renault VI and its subsidiaries, but also included the “coach & bus” activity of Irisbus and its subsidiaries. The finalization of the Renault VI/Volvo operation on 2 January 2001 (see note 2-a) resulted in deconsolidation of Renault VI and consequently the information by division no longer includes a commercial vehicles division. Irisbus’ contribution to the group’s consolidated revenues is now included under the heading “other”.

4 Current and Deferred Taxes

In application of the French tax regime allowing taxable income to be reported on a consolidated basis, Renault includes the fiscal earnings of most of its French and foreign subsidiaries and affiliates, calculated under this regime, in determination of its taxable income. Under certain conditions, the tax paid by these foreign subsidiaries and affiliates can be deducted from the resulting tax liability.

Renault has received governmental authorization to report taxable income in this way for 2001, 2002 and 2003, including Nissan Group entities. The taxable income under the French system of Nissan Group companies included in the regime relates to varying fiscal years which differ from the accounting periods used for the inclusion of Nissan in the Renault consolidation. In view of these differences in fiscal years and the prospective future profitability of Nissan Group companies, their impact within the consolidated tax reporting system on the current income tax has been totally neutralized at the consolidated current and deferred tax charge calculation.

Moreover, Renault has elected to determine French income taxes under the standard consolidated basis, including French subsidiaries owned more than 95%.

5 Investment in Nissan Motor Accounted for by the Equity Method

On 27 March 1999, Renault and Nissan signed a global partnership agreement. As a result of this agreement, on 28 May 1999 Renault acquired a 36.8% share in the capital of Nissan Motor, by subscribing to an increase in its registered capital (reserved for Renault) for a total investment of EUR 4,610 million. Nissan Motor has been accounted for by the equity method in the group financial statements since 30 June 1999.

The investment in Nissan Motor is partially hedged for foreign exchange risks (see paragraph d below).

As of December 2001, Renault was also in possession of stock purchase warrants entitling the company to subscribe to a reserved capital increase at a price of 400 yen per share, in order to raise its equity investment to 44.4%. These warrants are due to be exercised as part of the plan to accelerate development of the bi-national group, announced by Renault and Nissan Motor on 31 October 2001.

Change in the value of this investment in Nissan Motor was as follows:

	<i>Goodwill on acquisition</i>		<i>(Eur million)</i>	<i>Share of net assets</i>	<i>Total</i>

Nissan Motor, which is listed on the Tokyo stock exchange, publishes its consolidated financial statements in accordance with Japanese accounting standards annually at 31 March and half-yearly at 30 September. Consequently, the Renault group consolidated financial statements use the equity method to include the consolidated financial statements of Nissan Motor for the period 1 October 2000 – 30 September 2001, after adjustments for the purposes of the Renault consolidation.

(A) Goodwill on acquisition

Goodwill on the acquisition of the investment in Nissan Motor is amortized on a straight-line basis over 20 years from 30 June 1999.

(B) Nissan Motor consolidated financial statements (Japanese accounting principles)

(C) Changes in Restated Shareholders' Equity

– Other restatements	(129)	(217) ^(c)	49	(297)

– in billions of Yen	431	57	21	509
– in Eur million	4,381	539	(365) ^(b)	4,555

At the date of acquisition, Nissan Motor's identifiable assets and liabilities, principally fixed assets and marketable securities, were restated at fair value, as opposed to the historical values recorded in the Nissan Group's consolidated financial statements under Japanese GAAP. As a result of this restatement:

- *income on sales by Nissan of fixed assets and marketable securities has been adjusted to take account of this difference.*
- *marketable securities have been depreciated in accordance with the fair value.*
- *at the time of the acquisition, these restatements to fair value generated a deferred tax liability; consequently, the provision for deferred tax assets recorded by Nissan was reduced.*

The main restatements affecting the net income for the year are as follows:

- (a) *Including adjustment of the income on sales by Nissan of fixed assets and marketable securities: (33) billion Yen.*
- (b) *The additional liability recognized by Renault in the opening balance sheet is spread over 15 years in the Nissan Motor financial statements. The adjustment for the year neutralizes the expense for the year recorded by Nissan.*
- (c) *Other restatements affecting the net income for the year mostly concern the following:*
 - *(166) billion Yen for partial neutralization of reversal of the provision on deferred tax assets recorded by Nissan, since the Japanese provisions are higher than those established under Renault's accounting principles.*
 - *(33) billion Yen for depreciation on marketable securities.*
 - *(18) billion Yen for adjustment of income on sales of marketable securities.*

In Euros, “Other changes” include Eur (266) million for the change in translation adjustment, chiefly resulting from the fall in the value of the yen against the Euro, and Eur (99) million for the dividend paid by Nissan to Renault.

(D) Hedging of the investment in Nissan Motor

The following operations were designated as a partial hedge of Renault's interest in the restated shareholders' equity of Nissan in yen:

- on 21 July 1999 Renault undertook an initial partial hedge by issuing 7-year bonds totalling Eur 500 million. A foreign currency swap was undertaken to convert this issue into yen,
- on 1 June 2000, Renault concluded a forward sale of 150 billion yen, with an initial completion date of 15 December 2000, renewed at that date until 15 December 2001 for an identical amount. The Renault group intends to renew this contract until December 2003, and also entered into an interest rate swap on 15 December 2000, with a nominal value of 150 billion yen and a term of three years.
- on 27 September 2001, Renault undertook an issue of 5-year bonds with total nominal value of 50 billion yen.

(E) Renault – Nissan Motor Cooperation

The Renault and Nissan Groups have introduced joint strategies for vehicle and part development, purchasing, and production and distribution resources. This cooperation has not yet generated any significant financial exchanges between the two groups.

6 Investment in Volvo accounted for by the Equity Method

Details are as follows:

	<i>Provisional goodwill, net</i>	<i>Share in net assets</i>	<i>Total</i>
	<i>(EUR million)</i>		
1 January 2001	(243)	1,790	1,547
2001 net income	24	(50)	(26)
Translation adjustment		(52)	(52)
31 December 2001	(219)	1,688	1,469

The provisional negative goodwill of EUR 243 million recorded on the investment in Volvo is to be recognised as income on a straight-line basis from 2 January 2001, over the average residual amortisation period for Volvo's tangible and intangible fixed assets, which is 10 years.

This goodwill was determined as follows (in EUR million):

Cost of the acquisition see (note 2-a):	1,547
Share in net assets restated for Renault group requirements:	(1,790)
Provisional goodwill (gross):	(243)

Taking into account the treasury shares held by Volvo, the level of Renault's investment in Volvo was 21.05% in 2001.

7 Shareholders' Equity

Share Capital

At its meeting on 23 October 2001, the Board of Directors decided to proceed to a capital increase reserved for employees, in compliance with the terms of the eighteenth resolution approved at the General Shareholders' Meeting of 10 May 2001. As a result of this capital increase, 2,398 thousand new shares with total par value of Eur 9 million were put into circulation.

The total number of ordinary shares issued and fully paid-up at 31 December 2001 is 242,196 thousand shares (239,798 thousand in 2000 and 1999). Par value is Eur 3.81 per share (unchanged from 2000 and 1999).

At 31 December 2001, the French state held 106,037,141 shares and therefore 43.78% of voting rights.

In accordance with decisions approved at the General Shareholders' Meetings of 10 May 2001, 10 June 1999, and 11 June 1998, the Board of Directors decided to allocate all Renault treasury shares to current stock option plans.

In compliance with French accounting rules, these shares are recorded under Marketable Securities at a gross value of Eur 347 million at 31 December 2001, Eur 252 million at 31 December 2000 and Eur 164 million at 31 December 1999. Under IASB standards, these shares would be recorded as a charge against shareholders' equity and deducted from the number of shares in circulation for the determination of basic earnings per share

Distributions

At the Annual General Shareholders' Meeting of 26 April 2002, it was decided to distribute Eur 257,596,331.04 in dividends (Eur 0.92 per share), compared to Eur 219.3 million or Eur 0.91 per share in 2001.

8 Minority Interests

The decrease in minority interests in 2001 of Eur (256) million is largely due to the fall in the value, expressed in Euros, of Renault Argentina's shareholders' equity following the devaluation of the peso.

STATUTORY AUDITORS' REPORT
REPORT OF THE AUDITORS
ON THE CONSOLIDATED FINANCIAL STATEMENTS

Year ended 31 December 2001

In accordance with our appointment as auditors by your Annual General Meeting, we have audited the accompanying consolidated financial statements(*) of Renault presented in euros for the year ended 31 December 2001.

The consolidated financial statements are the responsibility of the Renault's management. Our role is to express an opinion on these financial statements, based on our audit.

We conducted our audit in accordance with professional standards applicable in France. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements present fairly the financial position and the assets and liabilities of the Renault group as at 31 December 2001 and the results of its operations for the year then ended in accordance with accounting principles generally accepted in France.

We have also performed certain procedures on the financial information related to the Renault group contained in the management's report, in accordance with professional standards applicable in France. We have no matters to report as to the fairness of this information nor its consistency with the consolidated financial statements.

RECENT DEVELOPMENTS

Sale of Irisbus

The European Commission approved the agreement signed by Renault and Volvo on 2 January 2001 subject to the condition that Renault should rescind Irisbus, its joint venture with Iveco, within two years.

In May 2001, Renault and Iveco announced that Iveco planned to take over Renault's investment in Irisbus holding. This led to the signature of a final agreement in October 2001 concerning the transfer of Renault's stake in Irisbus holding for a total of EUR 166 million, scheduled as follows:

- 15% of the Irisbus capital has been transferred at 2 January 2002,
- 35% of the Irisbus capital to be transferred at 31 December 2002.

Increase in Renault's Stake in Nissan

Following the agreement made in 1999, Renault recorded its 36.8% stake in Nissan Motor under the equity method in its consolidated financial statements.

On 1 March 2002, Renault exercised the warrants it owned in Nissan Motor in order to subscribe to a reserved capital increase of 539,750,000 shares at 400 yen per share, representing a total of 215.9 billion yen (1.86 billion euros), thereby increasing its holding in Nissan Motor to 44.4%.

The effect of this transaction on the consolidated financial statements of Renault will be determined after preparation of the consolidated financial statements of Nissan Motor, as adjusted for Renault's requirements, for the financial year ending 31 March 2002, and the fair value of the material separately identifiable assets and liabilities of Nissan Motor is to be estimated as of March 2002.

The full consolidation of Nissan Motor in the financial statements of Renault is not required at this stage of the development of relationships between the parties. The level of the share capital ownership, the number of directors designated and the nature of the relationships between the parties lead to the conclusion that the full consolidation of Nissan Motor is not required for the time being.

Given the level of Renault's holding in the share capital of Nissan Motor, this question will have to be reviewed in light of the behaviour of the two parties after two years of operation of the Alliance Master Agreement.

Acquisition by Nissan Finance Co. Ltd in Two Phases of a 15% Holding in the Share Capital of Renault

On 29 March 2002, Nissan Finance Co. Ltd. subscribed to a first reserved capital increase in Renault, taking 13.5% of the share capital of RENAULT, at a price of 50.39 euros per share.

On 28 May 2002, Nissan Finance Co. Ltd. acquired 1.5% of Renault share capital by subscribing to a second reserved capital increase at 52.91 euros per share.

As a consequence of those operations, Nissan Finance Co. Ltd. took its stake to 15% of the share capital of Renault.

The Creation of a “Société par Actions Simplifiée” (a French Simplified Form of Joint-Stock Company), Renault s.a.s

Renault s.a.s. has received a partial contribution of assets from Renault on conclusion of a contribution agreement that was signed by Renault and Renault s.a.s. on 22 February 2002. This partial contribution of assets was approved by the extraordinary general meeting of shareholders of Renault that took place on 28 March 2002 and became effective on 1 April 2002.

Further details are provided in the “Description of Renault” under the heading “structure of the Renault group.”

Creation of Renault-Nissan b.v.

Renault-Nissan b.v., a company governed by Dutch law, equally owned by Renault and Nissan Motor has fully exercised its powers since 17 April 2002. This company has the objective of defining certain strategic axes and curtailing the decision-making process so that the enhanced synergies can be put to the service of shared objectives.

Further details are provided in the “Description of Renault” under the heading “structure of the Renault group.”

Creation of the Foundation

A Foundation linked to Renault-Nissan b.v. and holding an option for preference and priority shares in Renault-Nissan b.v. was established to protect the interest of the Alliance and its shareholders, as it is customary under Dutch law. The purpose of the Foundation will be to ensure that, should a third party intend to take over bid of shares either in Renault or Nissan Motor, it should offer an appropriate price.

Further details are provided in the “Description of Renault” under the heading “structure of the Renault group”.

Signature of the Renault-Nissan b.v. Management Agreement

On 17 April 2002, in accordance with the project to strengthen the strategic alliance, Renault and Nissan signed a management agreement with Renault-Nissan b.v., a jointly-owned strategic management company.

Consequently, Renault-Nissan b.v. fully exercises its powers as described in the transaction memorandum stamped by the COB on 26 March 2002 under number 02-375.

First Quarter Revenues

Renault reported a 5.3% rise in revenues in first-quarter 2002, calculated on a consistent basis. Compared with the reported figure for first-quarter 2001, the increase is 2.4%. Irisbus has been deconsolidated following the sale of Renault's stake to Iveco on 2 January 2002.

The Automobile Division reported first-quarter revenues of EUR 8,833 million, up 5.1% on a consistent basis and 4.4% compared with the reported figure for first-quarter 2001. The division accounted for 95.1% of Renault group revenues.

Growth in revenues stemmed primarily from a favorable model and engine mix in Europe as well as from an increase in worldwide billings, led principally by Renault Samsung Motors. The key factors compared with first-quarter 2001 were a sharp rise in Laguna sales and a further increase in the percentage of revenues generated by diesel vehicles. However, the devaluation of the Argentinean peso had a negative impact.

In volume terms, Renault sold 625,065 vehicles worldwide in first-quarter 2002 (compared with 597,123 in first quarter 2001). This breaks down into 538,131 passenger cars and 86,934 light commercial vehicles, an increase of 4.7%. Renault group benefited in particular from a rise in unit sales at Renault Samsung Motors to 24,746 units, compared with 12,074 in first-quarter 2001, and a 3.2% increase in sales in Western Europe, where the market contracted 4.2%. But the continuing steep downtrend in the markets in Turkey and Argentina continued to undermine Renault group sales.

The first-quarter revenues of the Finance Division rose 8.7% year-on-year to EUR 452 million on a consistent basis, accounting for 4.9% of Renault group revenues. Compared with the reported figure for the same period in 2001, the increase was 3.2%.

In first-quarter 2001, revenues generated by other activities amounted to EUR 162 million. This figure does not take account of the contribution from the joint Renault-Iveco subsidiary Irisbus, which was deconsolidated following the sale of Renault's holding in Irisbus to Iveco on 2 January 2002.

Impact of Nissan Results on Renault's first half 2002 Consolidated Financial Statements

Following Nissan's announcement of its results for fiscal year 2001 (1 April 2001 – 31 March 2002), Renault will recognize a positive contribution of €425 million for first-half 2002, after amortization of goodwill.

This contribution allows for restatements to Nissan Motor's financial statements to bring them into compliance with accounting standards applied by Renault. The contribution includes, in particular, a positive impact of €111 million relating to Renault's decision to capitalize development costs from this year on. It also reflects the increase of Renault's stake in Nissan from 36.8% to 44.4% on March 1 of this year.

In addition, because of the acquisition of an additional 7.6% stake in Nissan, the assets and liabilities of Nissan must be recalculated at fair value. This re-assessment has two effects:

- a new provisional figure of €89 million for the goodwill on this 7.6%. This new amount will be amortized on a straight-line basis over the residual period of the initial goodwill, that is 17 years.
- an adjustment in the value of the assets and liabilities previously identified in the 36.8% holding. This adjustment will have a negative impact of €417 million on shareholders' equity, in particular because of unfavorable trends on the Japanese property market since 1999. Conversely, the 15% capital increase reserved for Nissan Finance Co. Ltd. will be reflected in the first-half financial statements by a net increase in Renault's consolidated shareholders' equity of €1,205 million, in view of Renault's 44.4% stake in Nissan.

The transactions carried out in connection with the second stage of the Alliance are reflected in a €788 million increase in consolidated shareholders' equity and a €291 million reduction in Renault's debt.

SUBSCRIPTION AND SALE

Summary of Dealer Agreement

Subject to the terms and on the conditions contained in a dealer agreement dated 20 June 2002 (the “**Dealer Agreement**”) between the Issuer, the Permanent Dealers and the Arranger, the Notes will be offered on a continuous basis by the Issuer to the Permanent Dealers. The Notes may also be sold by the Issuer through the Dealers, acting as agents of the Issuer. The Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by it. The Issuer has agreed to reimburse the Arranger for its expenses incurred in connection with the establishment of the Programme and the Dealers for certain of their activities in connection with the Programme. The commissions in respect of an issue of Notes on a syndicated basis will be stated in the relevant Pricing Supplement.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

- (6) Each Definitive Bearer Materialised Note, Receipt, Coupon and Talon will bear the following legend: "Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1287(a) of the Internal Revenue Code".

- (10) Copies of the latest annual report and non-consolidated and consolidated accounts of the Issuer (including any published semi-annual interim consolidated accounts) (in English and French) (in each case as soon as they are published) may be obtained, and copies of the Agency Agreement will be available for collection, at the specified offices of each of the Paying Agents during normal business hours, so long as any of the Notes is outstanding.
- (11) The European Union is currently considering proposals for a new directive regarding the taxation of savings income (the “**Directive**”). Subject to certain conditions being met, it is proposed that Member States will be required to provide to the tax authorities of another Member State details of payments of interest within the meaning of the Directive (interest, products, premiums or other debt income) made by a paying agent within its jurisdiction to an individual resident in that other Member State (the “**Disclosure of Information Method**”).

In this way, the term “paying agent” would be defined widely and would include in particular any economic operator who is responsible for making interest payments, within the meaning of the Directive, for the immediate benefit of individuals.

However, throughout the transitional period, which should end seven years after the coming, into force of the Directive, certain Member States (the Grand Duchy of Luxembourg, Belgium and Austria), instead of using the Disclosure of Information Method used by other Member States, will withhold an amount on interest payments of 15 per cent. during the first three years and 20 per cent. until the end of the transitional period.
